Re: Amendment 2
RFP 26-VSW-MNT-053
Minto Water Source Improvements
RFP Due Date: July 20, 2026 @ 2:00 PM AST

The following are vendor questions and the department's responses:

1. Vendor: The Statement of Services identifies 4 clear tasks over a period of at least 2.5 years. Is the Department's intent to negotiate and contract for all four tasks upon selection? Appendix C, Compensation, indicates the Contractor shall submit a price proposal for the full project within 30 days of receiving the Notice of Intent to Negotiate. How should contractor's factor in rate adjustments for work that would not be given a Notice to Proceed for one or two years? Will there be an opportunity to equitably adjust rates based on change in scopes with Future NTPs?
2. Department: The Intent to Negotiate will require the submission of all four RFP tasks. However, the negotiated cost of Task 4 – WTP Well Decommissioning will not be incorporated into the subsequent contract amount. If the department requires Task 4 then the contractor shall submit the VSW Estimate Template for Task 4 in accordance with RFP Part C, Section III – Price, #10. Labor Billing Rates and Price Proposal for the department's review. All RFP tasks shall remain fixed price.
