Section 1: Student Experience & Belonging

I feel a strong sense of belonging at Mt. Edgecumbe High School.

 [Copy chart](#)

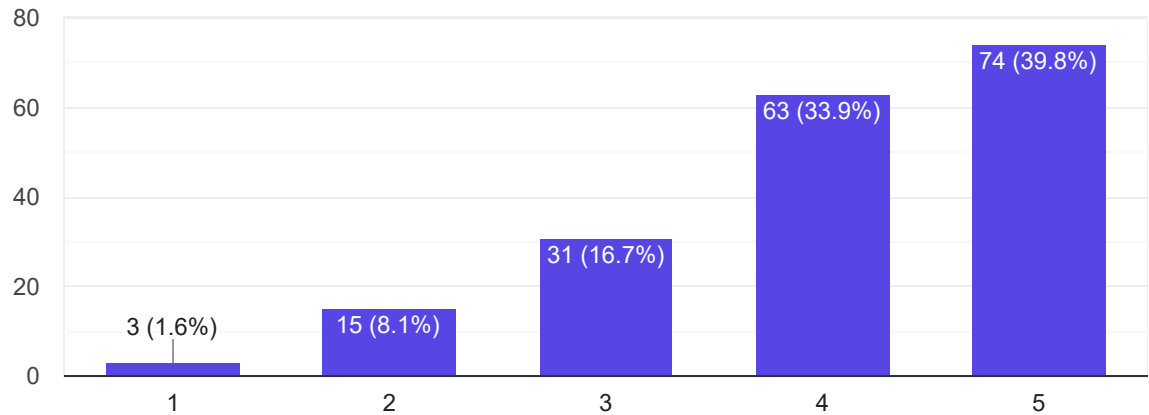

186 responses

Adults at MEHS care about me and support my success.

 [Copy chart](#)

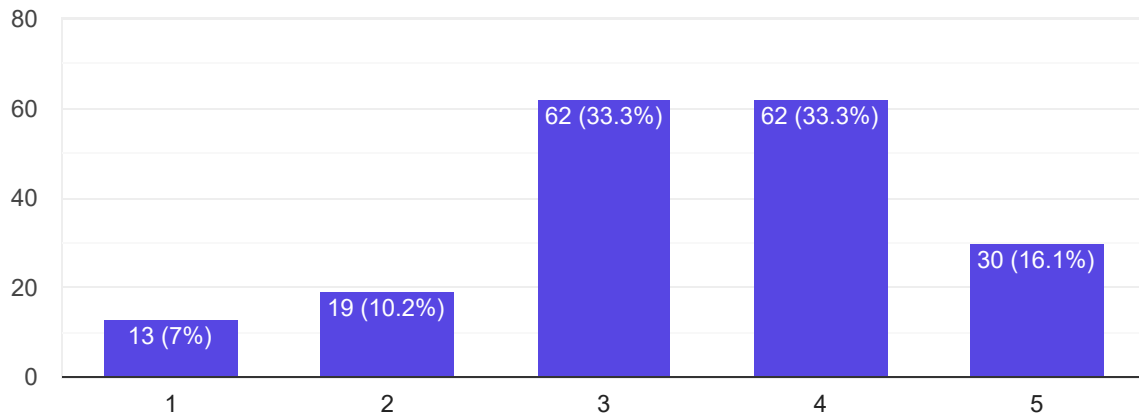

186 responses

Students at MEHS generally treat one another with respect.

 Copy chart

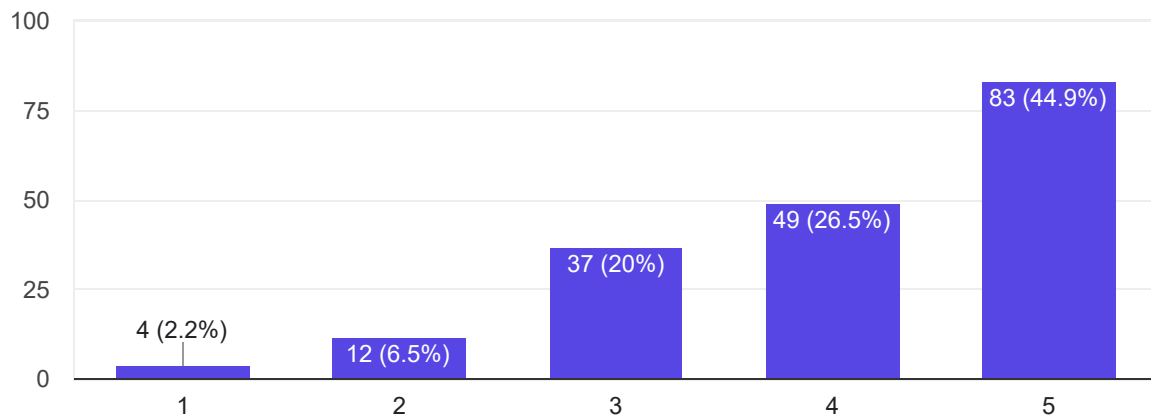

186 responses

I feel proud to be a student at MEHS.

 Copy chart

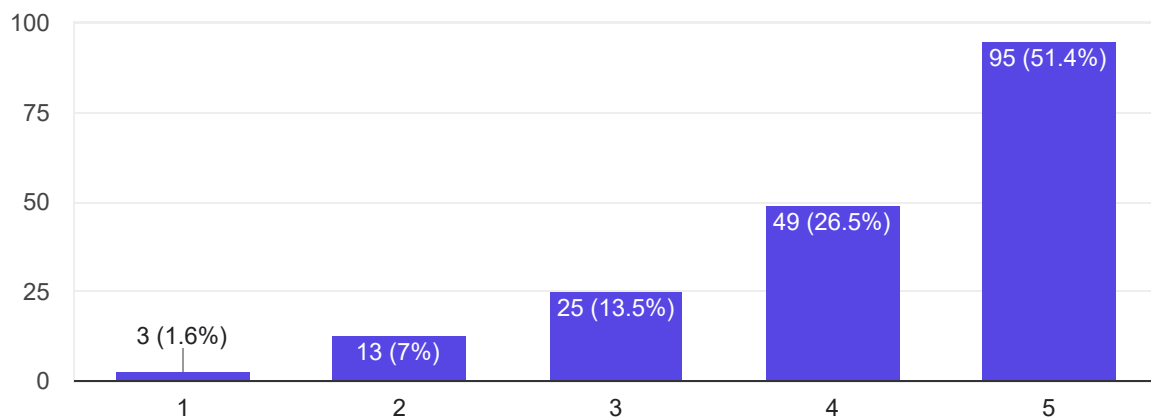

185 responses

I feel safe at school and in my dorm environment.

 Copy chart

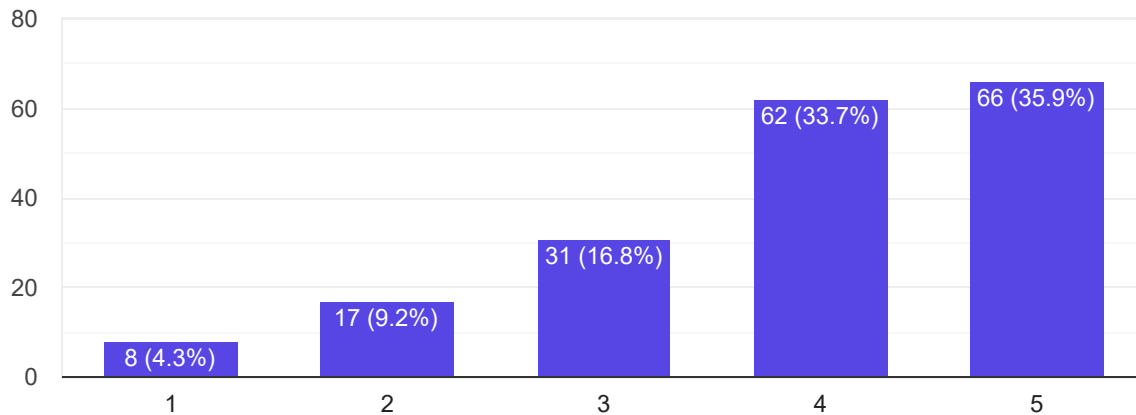

185 responses

My dorm community provides friendship, support, and a sense of family.

 Copy chart

184 responses

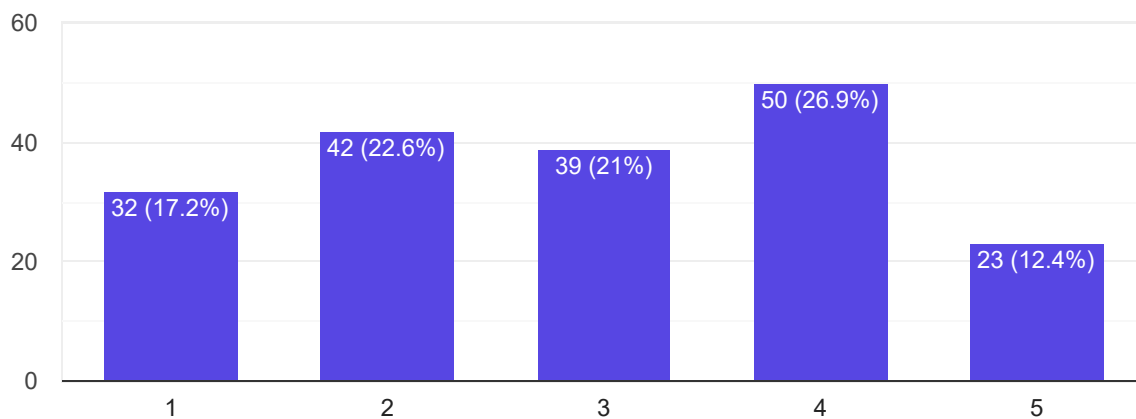

Section 2: Leadership, Communication & Campus Life

School leaders communicate clearly and in a timely manner with students.

 Copy chart

186 responses

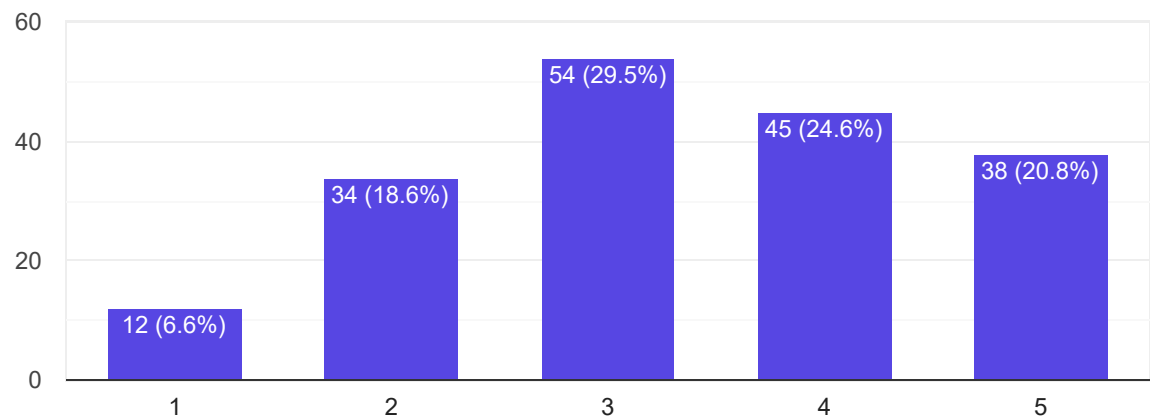

Student concerns and feedback are taken seriously and acted on by staff. [Copy chart](#)

186 responses

Dorm staff and school staff work well together to support students. [Copy chart](#)

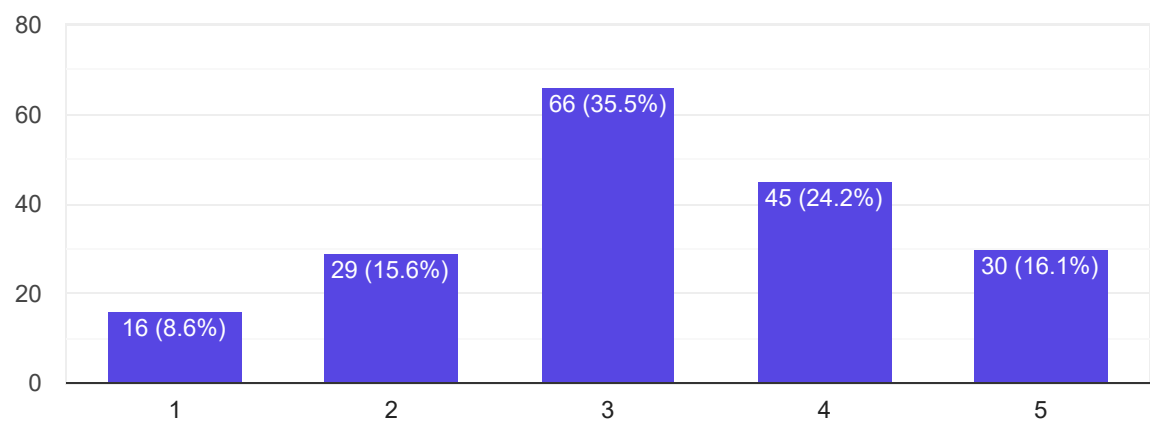

183 responses

The quality of meals and food service at MEHS meets my needs.

 Copy chart

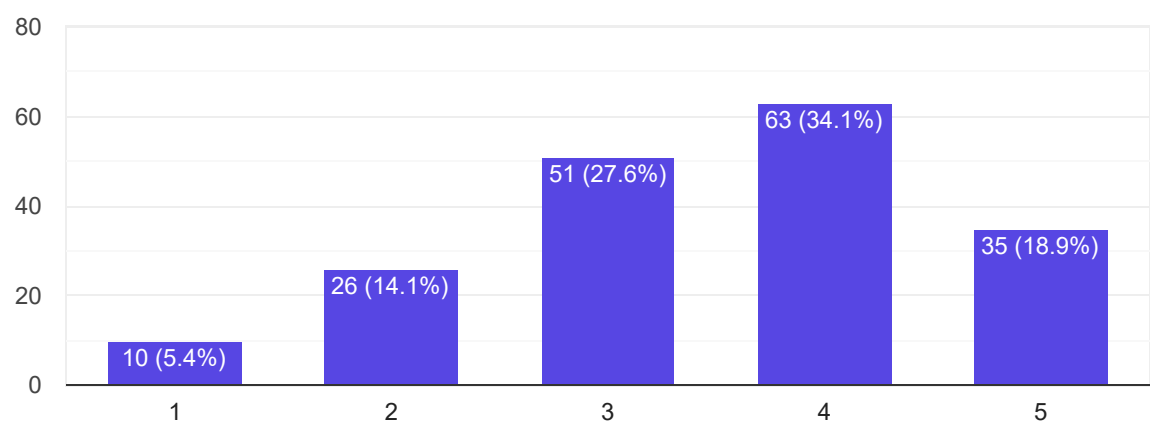

186 responses

Campus facilities and living spaces support a positive student experience.

 Copy chart

185 responses

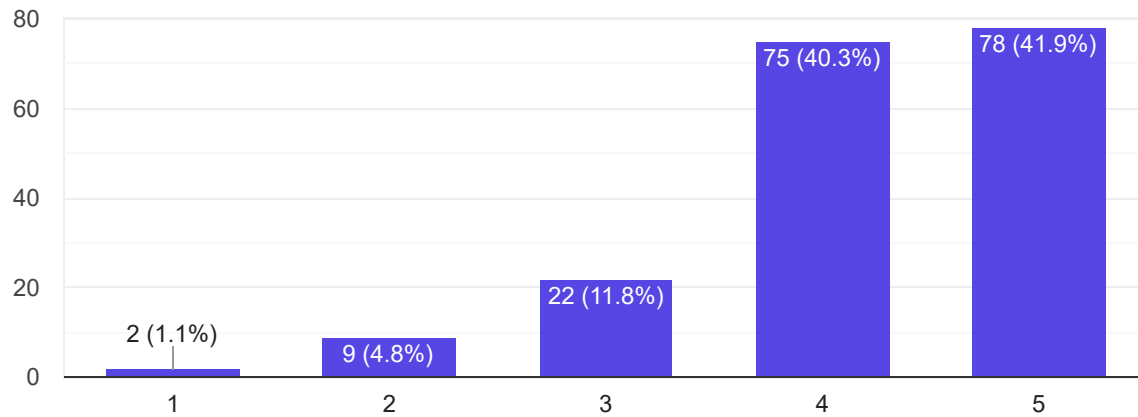

Section 3: Academics & Growth

My classes challenge me and help prepare me for college, careers, or future goals.

 Copy chart

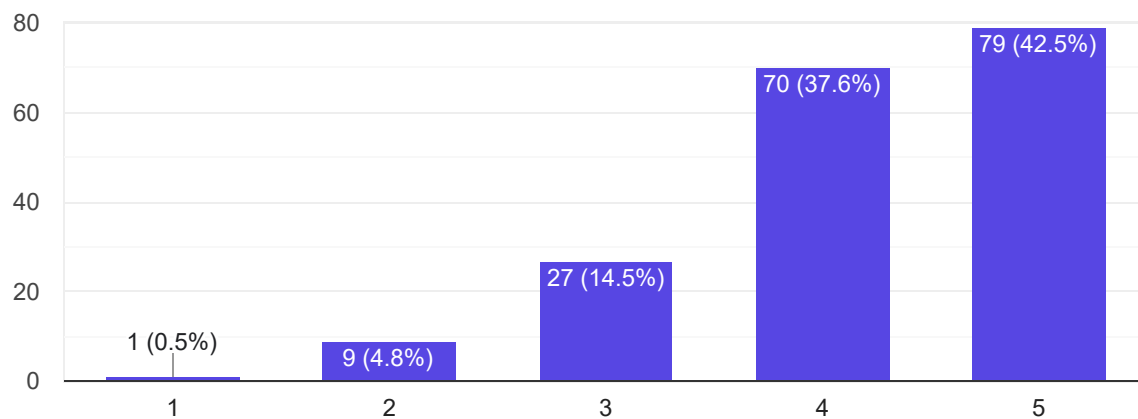

186 responses

Teachers are available and helpful when I need extra support.

 Copy chart

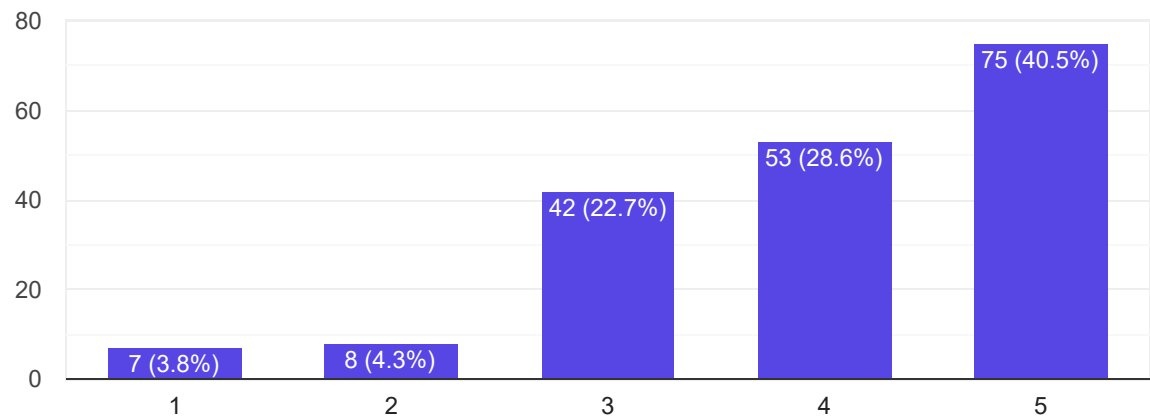

186 responses

MEHS provides opportunities (activities, leadership, culture, athletics, enrichment) that help me grow as a person

 Copy chart

185 responses

Section 4: Open Response Questions

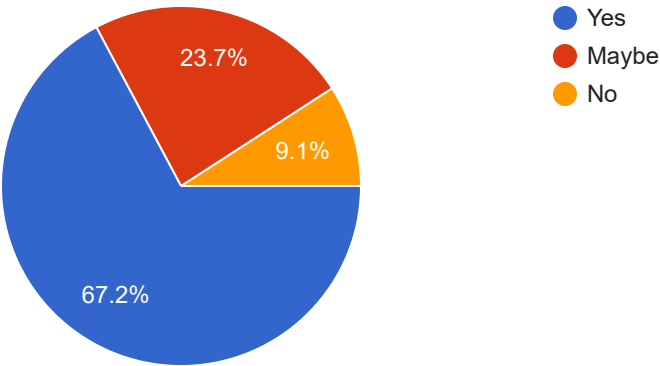

Section 5: Overall Satisfaction

Would you recommend MEHS to another Alaska student?

Student Survey Comments

Comments are grouped into 5 categories:

School Culture -Comments that relate to the social and learning environment of MEHS.

Engagement - Comments that relate to student involvement in the school community.

Communication - Comments that relate to communication between MEHS staff, parents, and students.

Academics - Comments that relate to the academic program at MEHS.

Residential Life - Comments that relate to dormitory and cafeteria aspects at MEHS.

Staff - Comments that relate to staff members' impact on the school environment and program.

Question 1: What is the best thing about MEHS?

School Culture

The community

Community

The people

The best thing at MEHS is the school

The freedom

About being a brave and being a part of a school that is well know for all sorts of things

The community and resilience that everyone has is what makes MEHS MEHS and no amount of struggle or hardship will ever take that away from us.

I think it is the school teaching, because all the teachers here are always willing to help if they have the time to do it.

Being here

The school

The community

Being able to school here, and making a lot of friends

I really love all the people I've met here.

Being more close to friends and teachers because you get more social and if you need to ask for help you can ask friends or a teacher after school.

Diversity in ethnicities from all over Alaska, the gym, town leave, and the teachers

Being close to my friends and having the support of my teachers in life challenges.

THE VIEW

Learning how to be independent

Getting to learn about new things, the way teachers and the school care for students, and overall just being a brave makes me feel proud and confident.

All the various cultures getting along with each other.

You make lots of fun memories

The people and experience

The students and the staff doing what they could do for the students

Its not the school not the dorms MEHS isn't a place its the people and how we make MEHS. MEHS doesn't make us, we make MEHS.

School and friends.

Students and teachers

Making friends who feel like family including the leadership roles I've acquired in a short span of time.

graduating!

Being able to build a strong community and get great opportunities that will help me achieve my goals.

The community, the friends you make and there used to be freedom

My friends and teachers.

Meeting new people.

The best thing about MEHS is that the teachers and staff members help what needs to be done and that they work together to make MEHS and the Dorm better.

That I'm still here!

The best thing about MEHS for me is the support that everyone gives and making the school feel like a second home.

Being away from home

The best thing about MEHS is the people

Engagement

Town leave

Opportunities

The friends and family I have met. The sport activities really have helped this year.

Being able to do things and not being locked away inside the dorms

NYO

The opportunities offered after school and during

The events this year

The sports and activities

The sports and town leave.

Sports

The Wrestling team

The best thing for me personally is all the activities we get to enjoy like the end of year bonfire, but also the things that we get to have.

The basketball team winning a state championship

Music classes/activities like the school picnic and when we went to the beach.

The Dance groups

Being able to interact with other people and being able to have lots and lots of opportunities

I am given more opportunities than my hometown, and I feel that many MEHS students are grateful for this.

The sports

Town leave and the gym

The weight cave

The best thing at MEHS is the freedom we have for some things that we wouldn't have at home.

Town leave, Gym, and making friends with teachers and a lot of people from around Alaska.

Academics

The education

The hard and challenging classes they have here, which taught me so many things. And all the fun REC activities.

academic

the education

How every student is getting good classes.

Getting a well advanced education.

School curriculum

I think the best thing would be the opportunity to get better education. Being able to stay after school with teachers to get more help.

It teaches me a lot about things I didn't know & it helps me get a good education.

The education

Residential Life

My friends

making friends

meeting new people

The friends you make

Friendships that will last a lifetime

Meeting life long best friends.

Making new friends that you had made

I'd say the best thing is that you live with your friends.

Being away from home and having friends.

All the friends I get to make and also meet.

Dorms

the best thing about MEHS is getting to know new people that you never knew that were super kind, or mean... everyone needs a friendship like ours.

The friends

Seeing all my friends I've made here every day

Getting to meet new people and make friends. Also, the dorms

You pay for my flight home

Getting to meet new people from all over Alaska.

Staff

The staff is fun and nice and the school is very good

We have really awesome teachers right now, and good classes

Lower campus teachers.

The teachers who end up being the best ones but have to leave.

The sub

The best thing about MEHS is there is always support ready to be provided whenever a student seeks help.

The school itself, teachers are very supportive

Question 2: What is one improvement that would make student life even better?

School Culture

Better rules

I think MEHS is already the best

Being kind

Let student opinions not just be heard, but be acted upon

Listening to what they want if it's reasonable.

Listen to us more

Staff listening to students a little bit more

Everything. It was rough..

Listen to what the students want

Allow more freedom

Don't ban books. Listen to students more carefully. We are people not objects. Longer town leave if we have no recreational activities that accommodate everyone.

That students' voices are heard.

Freedom

Engagement

More rec activities

Longer town leave

More activities

More rec activities

More rec activities and staff

HAVE MORE ASSEMBLIES AND PEP RALLIES

Bring rec activities back

Better rec activities, and better dorm life

I definitely feel like we need more activities so kids don't just sit in their dorm.

More activities

More rec activities and staff

More recreational staff and activities.

Probably socialize

Gaming

Maybe more fun school activities

Having more rec activities.

To have more activities and people in power who listen to students.

Being independent

More activities

Have more activities that bring people together. Focusing on mental health challenges.

One improvement that would make student life even better is more things to do during the day, like rec activities.

Having more rec activities

Academics

Never slack off, slacking off and turning in late assignments can do you NO GOOD. TURN. THEM. IN. ON TIME.

Long classes like they used to do

Keeping their grades up

Better work environments. I went to UAS for the ACT and my AP final and I felt way more engaged while working.

More staff, more opportunities to grow such as more AP classes and teachers. I wish to grow to an extended point. I don't believe that can happen with such short staff.

Less study hours for the ones who are passing all classes with A's and B's

Go back to trimesters

Residential Life

Food

Better food

More FUNDING

Don't get rid of the good teachers, have better dorm living upstairs without so many rules like going inside so early every single day

One improvement is that students should not have so many rules to deal with up at the dorms because this is supposed to be our home for the next 9 months and we have to follow so many rules up at upper campus it hurts

Less unnecessary rules

Maybe the food and the dorms

Make sure stuff is more protected; stuff got stolen a lot

More open RAs

I mean it did only happen once or twice but in the future get to students first before making an action that changes anything. Like the study hour change, students didn't have a choice whether they wanted it or not which made students go crazy.

Little more freedom

The dorms

Maybe get more things for the dorms, like new washers, or even just make the dorm life better. And less strict, but being strict in a good way that makes us listen.

Better showers

Better quality dorm life

Better showers and better washers and dryers

Free time

A couple improvements may be the shower rooms, GMD2. The shower room sometimes has a fly, and I noticed mold that I personally cleaned myself. Also, MEHS staff should learn how bullying is today. Silent bullying is a thing... Also, I would like town leave to be longer.

A more lenient schedule in the afternoon after school.

More staff and efforts to make the dorm a better place

Not banning energy drinks

I would improve the rules, and time limits to certain things

Have better communication and fix the horrible conditions of the dorms and school facilities.

Star center

One improvement that would make student life even better is that the staff of MEHS in the dorms hear what we have to say when we did something to make them upset, and what needs to be told to the dorm manager.

Non-dairy option at cafeteria. Some people can't always have pizza and lasagna.

One improvement that would make student life even better is **having a working ATM at the dorms.**

Dorm life, many upper campus staff should not return for the next school year.

Better food, school starts at 9, be out of the dorms at 8:40.

If a student wants a dorm by him/herself, try and make it happen.

Communication

Better communication meeting student needs

More communication, more freedom to do things, residential staff not using the intercom 24/7

More communication and help from the students here.

Better communication overall.

More activities and more communication.

Don't put students on restriction for such small reasons, like missing tutorials.
Communicate with the students before making a decision for the whole campus.

Communicate more

Changing the way we do details back to the way it was, NOT a raffle. And staff communicating better than they were this whole school year.

Communication with the students before making decisions and also more communication between staff from upper and lower campus and with parents.

Communication between everyone and more teachers for more student-based classes.

More communication throughout the staff to students

Weekly check-ins with students.

I think maybe communicating to the students more before making changes that could impact student life heavily.

Staff

Dorm staff

Better/more staff

More staff
