SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The State of Alaska (SOA), Department of Health (DOH), Division of Public Health (DPH), Section of Epidemiology (SOE), Immunization Program, is soliciting proposals from a qualified contractor to provide vaccination services to support community-based initiatives, including mobile clinics, health fairs, pop-up clinics, and targeted outreach events. The objective is to administer recommended vaccines to Alaskans across all ages.

SEC. 1.02 BUDGET

The Department of Health, Division of Public Health, estimates a budget range of \$2,500,000.00 to \$5,000,00.00 (of this amount \$2,500,000.00 is allocated in the event of a vaccine-preventable disease outbreak) for the completion of this project. Proposals exceeding the annual limit of \$500,000.00 (excludes vaccine-preventable disease outbreak) will be deemed non-responsive.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation and/or federal funding.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **2:00 PM** prevailing **Alaska Time on July 20, 2026**. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 MANDATORY REQUIREMENTS

To be considered responsive for this RFP, an offeror must meet the mandatory minimum requirements that are provided in **Submittal Form F – Mandatory Requirements**. **Failure to meet all these requirements will result in immediate disqualification.**

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer and at least ten (10) days before the deadline for receipt of proposals. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

SEC. 1.07 RETURN INSTRUCTIONS

Offerors must submit their proposals via email. The technical proposal and cost proposal must be saved as separate documents and emailed to doh.procurement.proposals@alaska.gov as separate, clearly labeled attachments. The email must contain the RFP number in the subject line.

The maximum size of a single email (including all text and attachments) that can be received by the state is 25mb (megabytes). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 25 megabytes.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror's responsibility to contact the above email address to confirm that the proposal has been received. The state is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the state's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, it will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the State of Alaska Online Public Notice website.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

RFP schedule set out herein represents the state's best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

Upon written notice to the contractor, the state may set a different starting date for the contract. The state will not be responsible for any work done by the contractor, even work done in good faith, if it occurs prior to the contract start date set by the state.

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

The Division of Public Health (DPH), Section of Epidemiology (SOE), Immunization Program, focuses on preventing and controlling vaccine-preventable diseases in Alaska by ensuring equitable access to vaccines across the state. More information about the SOA Immunization Program can be found at <https://health.alaska.gov/en/division-of-public-health/epidemiology/immunization/>. DPH is seeking a contractor to increase vaccine access in underserved communities or communities with low immunization coverage rates. The program provides state-supplied vaccines to most Alaskans through the Vaccines for Children (VFC) program and Alaska Vaccine Assessment Program (AVAP), with special provisions for uninsured adults and adult Medicaid/Medicare enrollees.

Beginning during the COVID-19 pandemic and through March 2025, a previous vendor successfully delivered vaccinations statewide through:

- A walk-in clinic in Anchorage with consistent hours
- Mobile services to rural and remote communities (averaging 83 pop-up clinics annually)
- Free vaccines regardless of insurance status
- Partnerships with Public Health Nursing, Tribal organizations, and Head Start

Vaccination administration will occur in all six (6) regions of Alaska, in both urban and rural settings. Alaska Public Health Regions are based upon the Alaska Department of Labor and Workforce Development's six (6) Economic Regions: Anchorage/Mat-Su, Gulf Coast, Interior, Northern, Southeast, and Southwest:

<https://live.laborstats.alaska.gov/cen/maps/state/current/EconRegions.pdf>

Alaska Economic Regions

The new contractor will collaborate with the Immunization Program and designated partners to continue this mission of preventing vaccine-preventable diseases across Alaska.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK

The Department of Health, Division of Public Health, is soliciting proposals to handle operational logistics and staffing to implement mobile clinics, local community vaccination events, and vaccination outreach activities to administer recommended vaccinations in locations designated by the State of Alaska (SOA) based on community needs. The contractor's efforts will support the mission of increasing access to vaccines for all eligible age groups. The contractor will be overseen by the Immunization Program Manager to identify community-level needs across Alaska and overcome barriers to vaccine access.

Locations may be remote, on or off the road system, and include mobile clinics and/or vaccination services. The method of providing these services should be proposed by the offeror and can include different models suited to each region. The Division of Public Health suggests that offerors propose how they can provide services through rapidly deployable strike teams, fixed vaccination locations, or high-volume vaccination services such as PODs. POD is a public health term for "point of dispensing," referring to a pop-up mass vaccination clinic.

The offeror is required to design and implement a comprehensive vaccination outreach clinic program to significantly enhance vaccination capacity across the six designated geographic regions of Alaska specified in Section 2.01 of the RFP. These regions include Northern, Interior, Anchorage/Mat-Su, Gulf Coast, Southwest, and Southeast. While all regions have vaccination resources, many are limited in access due to staffing challenges, dispersed clinics, or funding limitations. The offeror is expected to travel throughout these regions to offer vaccination services as requested. The program will operate under the guidance of the Division of Public Health and should encompass a range of strategies, a detailed personnel plan, a thorough cost breakdown of the services provided, and specific delivery methods. Vaccination will be made available to all individuals who seek it at the established vaccination sites at no cost to the patient. All individuals who administer vaccines must be approved in Alaska.

All routinely recommended vaccines available on the Immunization Program formulary will be offered through these clinics; no travel vaccines are requested to be offered through this contract. However, in the event of a vaccine-preventable disease outbreak, there is specific funding set aside for rapid-response community clinics.

The contractor shall provide qualified personnel, clinical services, and operational support to establish and operate Points of Dispensing (PODs) for vaccine administration during a declared or emerging public health emergency, as directed by the State of Alaska Department of Health (DOH), Division of Public Health (DPH).

Services shall include:

- Administration of vaccines in accordance with SOA protocols
- Establishment, operation, and deactivation of POD sites, including mobile operations
- Implementation of POD workflow (triage, registration, vaccination, observation, forms collection)
- Use of DOH-provided forms, standing orders, and incident-specific materials
- Culturally responsive communication, including among Alaska Native populations
- Documentation and reporting per DOH requirements

SEC. 3.02 DELIVERABLES

The successful contractor will be required to provide the following deliverables:

- Successfully enrolled in the SOA Immunization Information System (IIS), also known as VacTrAK, within one (1) month of contract execution.
- Successfully enrolled in Vaccine for Children (VFC), Alaska Vaccine Assessment Program (AVAP), and Opt-In/Pilot for Adults programs within two (2) months of contract execution.
- Comply with all requirements of the VFC program. See <https://www.cdc.gov/vaccines-for-children/about/index.html> for more information.

- Organize or partner in delivering at least fifty (50) mobile clinics statewide each year.

- Acquiring all vaccination supplies and equipment needed to perform proper vaccine administration and emergency response for adverse reactions. All Personal Protective Equipment (PPE) and supplies necessary to support the services of this contract will be obtained by the contractor. This will include advertising.
 - All vaccinating staff must complete the Current Issues in Immunization Webinar (CIIW) Series https://www.cdc.gov/immunization-training/hcp/current-issues/?CDC_AAref_Val=https://www.cdc.gov/vaccines/ed/ciiw/index.html.

 - Ordering appropriate amounts.
 - Storing and using vaccines in a way that short-dated vaccines are used first.

- Submit monthly invoices to the state detailing services performed and being billed.
- Responsible for acquiring a private supply of adult vaccines for Alaskans not eligible for state-supplied vaccines through AVAP at an annual cost of \$10,000, which must be budgeted for in this contract. This effort will help ensure that everyone has access to essential vaccinations.
- All vaccination services shall be provided at no cost to the patients.
- Submit weekly reports that detail vaccination services and expenses as directed by the SOA Immunization program.

SEC. 3.03 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be from the date of award for an initial term of approximately one (1) year, with four (4) one-year optional renewals, totaling approximately five (5) years. Renewals will be exercised at the sole discretion of the state.

Any extension of the contract beyond the exercised renewal options will be made upon mutual agreement between the State and the contractor and effected by a contract amendment processed by the procurement officer and signed by both parties. All other terms and conditions of the contract, including those previously amended, shall remain in full force and effect. Unless otherwise agreed to by both parties, the procurement officer will provide written notice to the contractor with the intent to cancel an extension at least 30 days before the desired date of cancellation.

SEC. 3.04 CONTRACT TYPE

This contract is a Firm Fixed Price contract.

SEC. 3.05 PAYMENT PROCEDURES

The state will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and progress report. No payment will be made unless the progress report and invoice have been approved by the project director.

SEC. 3.06 CONTRACT PAYMENT

No payment will be made until the contract is approved by the Commissioner of the Department of Health or the Commissioner's designee. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

For agreements over \$500,000, under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a State agency will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

SEC. 3.07 ELECTRONIC PAYMENTS

The State of Alaska prefers vendors to receive payment via Electronic Funds Transfer (EFT). The contractor may review information concerning the EFT process and access the Electronic Payment Agreement Form for Vendors at the following link: <https://doa.alaska.gov/dof/vendor.html>.

Any single contract payment of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

SEC. 3.08 LOCATION OF WORK

The state will not provide workspace for the contractor. The contractor must provide its own workspace.

The locations and frequency of travel will be determined by the SOA Immunization Program and requested by the contractor when the need arises. Travel-related costs will be billed as a pass-through charge and paid in accordance with **Alaska Administrative Manual (AAM) 60**, which allows for reimbursement of coach airfare,

lodging costs, ground transportation costs (rental car, taxi, parking, etc.), and meal and incidental expenses. The contractor will use good-faith, diligent efforts to minimize airfare and lodging costs, and for meal and incidental expenses, the contractor will be paid \$60 per day per employee who is traveling. All costs mentioned herein must be itemized and added as separate lines on the invoice. **Note:** parking violation costs will not be reimbursed.

No reimbursement shall be made for alcoholic beverages, entertainment, or what might be otherwise considered normal living expenses.

In a situation where travel must be extended because contractor's personnel are weathered in or delayed from return due to another natural disaster, the contractor will be allowed to bill for travel costs in accordance with this section. No additional charges shall be allowed.

OTHER PASS-THROUGH COSTS:

Pass-through costs for equipment, supplies, and other consumables related to performing the services required under the contract will be paid by the State. These pass-through costs include the actual equipment needed to perform the services, all vaccination-related supplies, and PPE.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must submit a request, set out in a separate document in their proposal, that provides a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason that is necessary.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the state to reject the proposal as non-responsive or cancel the contract.

SEC. 3.09 SUBCONTRACTORS

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must complete the Submittal Form identified in Section 4.02 of this RFP.

An offeror's failure to provide this information with their proposal may cause the state to consider their proposal non-responsive and reject it.

Subcontractor experience shall be considered in determining whether the offeror meets the requirements set forth in Submittal Form F – Mandatory Requirements. **Offerors must be specific in Submittal Form F as to which subcontractor(s) defined in Submittal Form G – Subcontractors they are citing to meet the specific requirement listed in Submittal Form F.**

If a proposal with subcontractors is selected, the state may require a signed written statement from each subcontractor that clearly verifies the subcontractor is committed to providing the goods or services required by the contract.

The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the project director or procurement officer.

Note that if the subcontractor does not perform work within Alaska, they will not be required to hold an Alaska business license.

SEC. 3.10 JOINT VENTURES

Joint ventures are not allowed.

SEC. 3.11 RIGHT TO INSPECT PLACE OF BUSINESS

At reasonable times, the state may inspect those areas of the contractor's place of business that are related to the performance of a contract. If the state makes such an inspection, the contractor must provide reasonable assistance.

SEC. 3.12 CONTRACT PERSONNEL

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director or procurement officer. Changes that are not approved by the state may be grounds for the state to terminate the contract.

SEC. 3.13 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The state may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the state to terminate the contract. In this event, the state may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

SEC. 3.14 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required state approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Health or the Commissioner's designee.

SEC. 3.15 NONDISCLOSURE AND CONFIDENTIALITY

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage,

disclosure, publication, dissemination to and/or use by third parties of the confidential information. “Reasonable care” means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the state in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc.).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the state with written notice of the requested disclosure (to the extent such notice to the state is permitted by applicable law) and giving the state opportunity to review the request. If the contractor receives no objection from the state, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the state within a reasonable time after the contractor’s receipt of notice of the requested disclosure and, upon request of the state, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

SEC. 3.16 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any third-party claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. “Contractor” and “contracting agency”, as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor’s work.

SEC. 3.17 INSURANCE REQUIREMENTS

Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of

insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

Workers' Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.

Commercial Automobile Liability Insurance: covering all vehicles used by the contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.

Commercial General Liability Insurance: covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.

Professional Liability Insurance: covering all errors, omissions, or negligent acts in the performance of professional services under this agreement with minimum coverage limits of \$300,000 per claim /annual aggregate.

SEC. 3.18 TERMINATION FOR DEFAULT

If the project director or procurement officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the state may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all of the remaining work.

The procurement officer may also, by written notice, terminate the contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the state's termination rights under the contract provisions of Appendix A, attached in **SECTION 7. ATTACHMENTS**.

SEC. 3.19 CONTRACT PRICE ADJUSTMENTS

Consumer Price Index (CPI): Contract prices will remain firm through the initial term.

The contractor may request CPI price adjustments, in writing, 30 days prior to a contract renewal date. Requests must be in writing and must be received 30 days prior to the contract renewal date. If the contractor fails to request a price adjustment 30 days prior to the contract renewal date, the adjustment will be effective 30 days after the state receives the written request.

Price adjustments will be made in accordance with the percentage change in the U.S. Department of Labor Consumer Price Index (CPI-U) for All Urban Consumers, All Items, Urban Alaska.

The price adjustment rate will be determined by comparing the percentage difference between the CPI in effect for the base year six-month average (January through June 2026); and each (January through June six-month average) thereafter. The percentage difference between those two CPI issues will be the price adjustment rate. No retroactive contract price adjustments will be allowed.

All price adjustments must be approved by the procurement officer prior to the implementation of the adjusted pricing. Approval shall be in the form of a unilateral contract amendment issued by the procurement officer.

Note: The procurement officer may also, absent the contractor's request, effect the above CPI price adjustment on a contract renewal amendment.

SECTION 4. PROPOSAL FORMAT AND CONTENT

SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The state will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate specific parts of the responsive proposals.
- 3) The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The state will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to state, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

Overall Criteria		Weight
Responsiveness		Pass/Fail
Mandatory Requirements Compliance (Submittal Form F)		Pass/Fail

Technical Criteria		Weight
Experience and Qualifications	(Submittal Form B)	150
Understanding of the Project	(Submittal Form C)	100
Methodology Used for the Project	(Submittal Form D)	125
Management Plan for the Project	(Submittal Form E)	125
Total		500

Cost Criteria		Weight
Cost Proposal	(Submittal Form H)	400

Total 400

Preference Criteria	Weight
Alaska Offeror Preference (if applicable)	100
Total	100

TOTAL EVALUATION POINTS AVAILABLE: 1000**SEC. 5.03 SCORING METHOD AND CALCULATION**

The PEC will evaluate responses against the questions set out in Sections 5.04 through 5.07 and assign a single score for each section. Offerors' responses for each section may be rated comparatively against one another with each PEC member assigning a score of 1, 5, or 10 (with 10 representing the highest score, 5 representing the average score, and 1 representing the lowest score). Responses that are similar or lack dominant information to differentiate the offerors from each other will receive the same score. Therefore, it is the offeror's responsibility to provide dominant information and differentiate themselves from their competitors.

After the PEC has scored each section, the scores for each section will be totaled and the following formula will be used to calculate the amount of points awarded for that section:

- 1) Maximum Points Available / Maximum Combined PEC Score Possible
- 2) Combined PEC Score x Result of 1)

Example (Maximum Points Available for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75
Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

$$\text{Combined PEC Score (30)} \times 2.5 = \text{Points Awarded (75)}$$

Offeror 2 was awarded 50 points:

$$\frac{\text{Maximum Points Available (100)}}{\text{Maximum Combined PEC Score Possible (40)}} = 2.5$$

Combined PEC Score (20) x 2.5 = Points Awarded (50)

Offeror 3 was awarded 100 points:

Maximum Points Available (100)
_____ = 2.5
Maximum Combined PEC Score Possible (40)

Combined PEC Score (40) x 2.5 = Points Awarded (100)

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well did the offer detail their specific experience in managing and staffing outpatient environments and mobile clinics?
- 2) How well did the offeror detail the primary project manager's experience in projects of a similar nature and the directly related experience of the overall project team?
- 3) To what degree did the offeror include other specific areas of expertise, such as transporting and handling/managing vaccines according to VFC storage and transportation requirements?
- 4) How well did the offeror describe the organization of the project team and the individual(s) responsible for and accountable for the completion of each component and deliverables of the RFP?
- 5) Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?

SEC. 5.05 UNDERSTANDING OF THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well did the offeror demonstrate their understanding of the project requirements and how to meet the state's needs?

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well did the offeror demonstrate the methodology they will employ and how the methodology will serve to accomplish the work and meet the state's needs?

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well did the offeror demonstrate their management plan and how will that plan help support the accomplishment of the work and meet the state's needs?
- 2) To what extent did the offeror identify potential issues, risks, or problems they foresee with this project, and how they will address them?

SEC. 5.08 CONTRACT COST (COST PROPOSAL)

Overall, a minimum of 40 % of the total evaluation points will be assigned to cost. After the procurement officer applies to any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):**Step 1**

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$$

Offeror #3 receives 336.8 points.

$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$$

SEC. 5.09 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the following website:

<https://oppm.doa.alaska.gov/policy-oversight/policy-resources/user-guide-matrixes/>

To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. - 1) holds a current Alaska business license prior to the deadline for receipt of proposals;

- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror’s failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.11 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.12 ALASKA MILITARY SKILLS PROGRAM PREFERENCE

An Alaska Military Skills Program Preference of 2%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and:

- A. Employs at least one person who is currently enrolled in, or within the previous two years graduated from, a United States Department of Defense SkillBridge or United States Army career skills program for service members or spouses of service members that offers civilian work experience through specific industry training, pre-apprenticeships, registered apprenticeships, or internships during the last 180 days before a service member separates or retires from the service; or
- B. has an active partnership with an entity that employs an apprentice through a program described above.

Alaska Military Skills Program Preference Certification

In order to receive the Alaska Military Skills Program Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

In addition, proof of graduation of the qualifying employee from an eligible program as described in AS 36.30.321(l) must be provided to the procurement officer at time of proposal submission. Offerors must provide clarification or additional information requested by the procurement officer related to the preference not later than 5:00 PM Alaska Time one (1) business day following the date of the request. Failure to provide sufficient documentation will result in the offeror not receiving the Military Skills Program Preference.

SEC. 5.13 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:**Step 1**

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
Offeror #3	900 points (800 points + 100 points)

Offeror #3 is the top scoring offeror.

SEC. 5.14 COST REASONABLENESS

Prior to entering into contract negotiations, the procurement officer may perform a cost reasonableness assessment of all shortlisted proposals in the following manner:

- If the highest ranked offeror's cost proposal is within 5% of the next highest ranked offeror's cost proposal, the state will proceed to invite the highest ranked offeror to contract negotiations.
- If the highest ranked offeror's cost proposal is 5% or more higher than the next highest ranked offeror's cost proposal, the state reserves the right to invite the second highest ranked offeror to contract negotiations.

SEC. 5.15 CONTRACT NEGOTIATIONS

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals.

If the selected offeror:

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the state, after a good faith effort, simply cannot come to terms,

The state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 5.16 OFFEROR NOTIFICATION OF SELECTION

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will list the names of all offerors and identify the offeror(s) selected for award.

The procurement officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the state. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counter-offer and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the RFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the procurement officer.

The state reserves the right to refrain from making an award if it determines that to be in its best interest. **A proposal from a debarred or suspended offeror shall be rejected.**

SEC. 6.09 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

SEC. 6.10 DISCLOSURE OF PROPOSAL CONTENTS

All proposals and other material submitted become the property of the State of Alaska and may be returned only at the state's option. AS 40.25.110 requires public records to be open to reasonable inspection. All proposal information, including detailed price and cost information, will be held in confidence during the evaluation process and prior to the time a Notice of Intent to Award is issued. Thereafter, proposals will become public information.

Trade secrets and other proprietary data contained in proposals may be held confidential if the offeror requests, in writing, that the procurement officer does so, and if the procurement officer agrees, in writing, to do so. The offeror's request must be included with the proposal, must clearly identify the information they wish to be held confidential, and include a statement that sets out the reasons for confidentiality. Unless the procurement officer agrees in writing to hold the requested information confidential, that information will also become public after the Notice of Intent to Award is issued.

SEC. 6.11 ASSIGNMENT

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer. Proposals that are conditioned upon the state's approval of an assignment will be rejected as non-responsive.

SEC. 6.12 SEVERABILITY

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and, the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 6.13 SUPPLEMENTAL TERMS AND CONDITIONS

Proposals must comply with Section 6.08 Right of Rejection. However, if the state fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the state's rights

under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After award of contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and

If the state's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

SEC. 6.14 SOLICITATION ADVERTISING

Public notice has been provided in accordance with 2 AAC 12.220.

SEC. 6.15 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspection.

SEC. 6.16 CLARIFICATION OF OFFERS

Prior to the contract negotiation period detailed in RFP Section 5.15, to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 6.17 DISCUSSIONS WITH OFFERORS

Prior to the contract negotiation period detailed in RFP Section 5.15, the state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.18 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal tariff, excise tax, or duty that may result in either an increase or decrease in the contract price and shall take appropriate action as directed by the procurement officer.
- **After-imposed or Increased Taxes and Duties:** Any federal tariff, excise tax, or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tariff, tax, or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal tariff, excise tax, or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal tariff, excise tax, or duty for goods or services under the contract, except social security or other employment [taxes](#), that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor's fault, negligence, or failure to follow instructions of the procurement officer.
- **State's Ability to Make Changes:** The state reserves the right to request verification of federal tariff, excise tax, or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
- **Price Change Threshold:** No adjustment shall be made to the contract price under this clause unless the amount of the adjustment exceeds \$250.

SEC. 6.19 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;

-
- identification of the contracting agency and the solicitation or contract at issue;
 - a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."
