

ENTRY AUTHORIZATION
GPG Alaska Resources Inc.
ADL 109466

GPG Alaska Resources Inc., herein known as the Grantee, is issued this Entry Authorization (EA) authorizing the use of state land within:

Legal Description:

A 60-foot wide easement approximately 6,839.4 feet long and two approximately 1-acre parcels, within U.S. Survey No. 1197, according to the Plat of Homestead Entry Survey No. 104 in the Tongass National Forest, approved by the U.S. Surveyor General's Office in Juneau, Alaska, on December 13, 1919, and within Lots 4, 5, 7, and 8 of Section 35 and the S½ NW¼ of Section 36, Township 38 South, Range 64 East, Copper River Meridian, according to the plat accepted by the United States Department of the Interior, General Land Office in Washington, D.C., on June 30, 1928, containing 11.20 acres, more or less.

This Entry Authorization is issued for the purpose of authorizing the following:

To construct, maintain, and use a 15-foot wide, 1.3-mile long, unpaved access road and two 1-acre staging areas on state-owned, DMLW-managed uplands, approximately 21 miles northwest of Juneau, Alaska. The access road and staging areas will consist of a 2-3 foot layer of compacted shot rock. The staging areas will be used to store equipment, drilling supplies, and rock core samples inside metal shipping containers (i.e., "CONEX" boxes). The staging areas will also be used for helicopter operations to transport supplies and materials to the Grantee's mineral exploration sites (New Amalga Gold Project) on adjacent United States Forest Service (USFS) land near Herbert Glacier. If a mining operation is approved and developed on the adjacent USFS land, the 1.3-mile long road on state land will serve as the first segment of the access road to the mine.

The easement will be constructed in two phases. On the effective date of this decision, the first phase authorizes the immediate development of the 0.17-mile segment of road closest to Glacier Hwy and the first 1-acre staging area. The second phase authorizes development of the remaining 1.13-mile segment of road and the second 1-acre staging area once the applicant receives approval of a Plan of Operations from USFS to begin minerals extraction and production on the adjacent USFS land. A diagram of the easement is included as Attachment 1.

This authorization is effective beginning _____, and ending _____, unless sooner terminated.

This EA is issued subject to the following:

Prior to Phase 1 Development

1. Acceptance of the terms and conditions of the draft Easement (Attachment 2), which will be executed once all requirements of the EA have been met;
2. Payment of the EA fee in the amount of \$1,440.00 due on or before the annual anniversary date of this authorization;
3. Payment of the Easement fee in the amount of \$2,880.00 due on or before the annual anniversary date of this authorization;
4. Remittance of a Performance Guaranty (PG) in the amount of \$469,748.00 as required in the stipulations below;
5. Certificate of Insurance (COI);
6. Written confirmation that the Grantee submitted a Request for Survey Instructions (SI) to the Department of Natural Resources (DNR); Division of Mining, Land and Water (DMLW); Survey Section;
7. Updated Development Plan that includes:
 - a. Adjustments to the easement's dimensions as required by the Department of Transportation & Public Facilities (DOT&PF) Approach Road Permit;
 - b. A revised easement alignment that remains outside the Juneau State Land Plan's (JSLP) 300-foot Fish Habitat Management Zone buffer for Eagle River;
8. Written confirmation of correspondence for any required water use authorizations from DNR; DMLW; Water Resources Section; Southeast Region;
9. Written confirmation of correspondence and coordination with DNR; Division of Forestry & Fire Protection (DOF&FP); Coastal Region; Southeast Area regarding the salvaging of timber resulting from construction;
10. Written confirmation of correspondence for an Approach Road Permit from DOT&PF;
11. Written confirmation of correspondence for a Floodplain Development Permit from the City and Borough of Juneau (CBJ); Community Development Department; Planning Division;
12. Written confirmation of correspondence for a State Cultural Resources Investigation Permit (SCRIP) from DNR; Division of Parks and Outdoor Recreation (DPOR); Office of History and Archaeology (OHA) for the segments of the updated easement corridor that were not previously investigated under SCRIP 2026-02;

Prior to Phase 2 Development

1. Written confirmation of approval of the Grantee's Plan of Operations from the U.S. Department of Agriculture (USDA); U.S. Forest Service (USFS) to conduct mineral extraction and production activities on the Grantee's mining claims located on the adjacent USFS land.

The non-receipt of a courtesy billing notice does not relieve the Grantee from the responsibility of paying fees on or before the due date.

In addition to the terms and conditions of the draft Easement (Attachment 2), all activities shall be conducted in accordance with the following stipulations:

1. **Authorized Officer:** The Authorized Officer (AO) for the State of Alaska (State); Department of Natural Resources (DNR); Division of Mining, Land and Water (DMLW) is the Regional Manager or designee.
2. **Concurrent Use:** DMLW reserves the right to grant additional authorizations to third parties for compatible uses on or adjacent to the land under this authorization. Authorized concurrent users of State land, their agents, employees, contractors, subcontractors, and licensees shall not interfere with the operation or maintenance activities of each user. DMLW may require authorized concurrent users of State land to enter into an equitable agreement regarding concurrent use.
3. **Extensions:** The AO may approve a written request to extend this authorization if additional time is necessary to meet its requirements. The written request must certify that there have been no changes to the approved development plan and be received at least 30 days before the expiration date of this authorization. Additional fees may be required.
4. **Existing Easements:** In the event that this easement shall in any manner conflict with or overlap a previously granted easement or right-of-way, the Grantee shall use this easement in a manner that will not interfere with the peaceful use and enjoyment of the previously issued easement or right-of-way. The Grantor (State) reserves the right to set or modify stipulations governing the use of the conflicting or overlapping area.
5. **Survey:** The Grantee shall submit a record of survey format as-built acceptable to the standards of the DMLW Survey Section prior to the expiration of this Entry Authorization. The Grantee is required to submit a preliminary draft as-built survey one year prior to the expiration of this authorization to allow adequate time for the State's review and approval of a final as-built survey. The final easement will not be issued until the survey has been approved by the DMLW.
6. **Track-Out Mats:** The Grantee shall use track-out mats along the first 50 feet of the easement nearest to Glacier Hwy. The mats shall be installed, maintained, and conform to current State of Alaska, Department of Transportation & Public Facilities (DOT&PF) standards.

The Department of Natural Resources has the authority to implement and enforce these conditions under AS 38.05.850. Any correspondence on this authorization may be directed to the Department of Natural Resources; Division of Mining, Land and Water; Southeast Regional Office at P.O. Box 111020, Juneau, Alaska, 99811-1020, (907) 465-3400, sero@alaska.gov.

I have read and understand all of the foregoing and attached stipulations. By signing this authorization, I agree to conduct the authorized activity in accordance with the terms and conditions of this authorization.
