SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Alaska Mental Health Trust Authority (the Trust), is soliciting proposals for a pool of contractors to provide various technical assistance to Trust-sponsored initiatives and organizations. This is a multi-award RFP.

SEC. 1.02 BUDGET

The Trust estimates a budget of \$500,000 for all technical assistance engaged through this RFP in FY27, and \$700,000 for all subsequent years. There is no guarantee of work or budget for any individual contract awarded through this RFP.

Approval or continuation of a contract resulting from this RFP is contingent upon trustee approval.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than 1:30 P.M. prevailing Alaska Time on September 24, 2026. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 PRIOR EXPERIENCE

In order for offers to be considered responsive offerors must meet these minimum prior experience requirements:

- A minimum of 5 years of experience as a provider of technical assistance or experience consulting with organizations in specific identified technical assistance categories.
- Offerors must document specific projects, organizations, and a minimum of three references related to experience and qualification as a provider of technical assistance/consulting in specific technical assistance categories. Mental Health Trust projects should be excluded from this list.

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

PROCUREMENT OFFICER: Valette Keller – PHONE 907-269-6039 – FAX 907-269-7966

SEC. 1.07 RETURN INSTRUCTIONS

Offerors must submit one copy of their proposal through one of the following methods. The Trust recommends sending a proposal enough ahead of time to ensure the proposal is delivered by the deadline for receipt of proposals. Faxed or oral proposals will not be accepted.

Method 1: Submission by mail or courier

The proposal must be submitted as a hard copy in a sealed package. The cost proposal included with the package must be sealed separately from the rest of the proposal and must be clearly identified. The package must include a USB thumb drive with a digital copy of their proposal in PDF format. The digital cost proposal included with the package must be a separate document from the rest of the proposal and must be clearly identified.

The proposal must be submitted as a digital copy in PDF format to deborah.delong@alaska.gov. The email must contain the RFP number in the subject line. The technical proposal and cost proposal must be saved as separate PDF documents and emailed as separate, clearly labeled attachments, such as "Vendor A – Technical Proposal.pdf" and "Vendor A – Cost Proposal.pdf". You must not email (including CC and BCC) the proposal to any State employee or email address other than instructed above.

Please note that email transmission is not instantaneous, and the maximum size of a single email (including all text and attachments) that can be received by the Trust is 20mb (megabytes).

Method 3: Submission by Alaska ZendTo

Offerors must submit one digital copy of their proposal in PDF format to deborah.delong@alaska.gov via Alaska ZendTo, <https://drop.state.ak.us>. SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the Trust's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, it will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the State of Alaska Online Public Notice website.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

SECTION 2. BACKGROUND INFORMATION

SEC. 2.01 BACKGROUND INFORMATION

The Alaska Mental Health Trust Authority (Trust) is a state corporation that administers the Alaska Mental Health Trust, a perpetual trust, to improve the lives of beneficiaries. The Trust operates much like a private foundation, using its resources to ensure that Alaska has a comprehensive integrated mental health program. While the Trust is a state agency, it is completely self-funded and uses no state general fund dollars.

The trust was created by congress before statehood. The state breached its trust duty by mismanaging the land. The settlement of the resulting mental health trust land lawsuit in 1994 created a Trust Authority consisting of seven trustees. The trust was reconstituted with \$200 million and approximately one million acres of land. The Trust Authority contracts with the Alaska Permanent Fund Corporation to manage the cash assets and the Trust Land Office to manage the land and other non-cash assets.

The Alaska Mental Health Trust Authority and the Trust Land Office work together to improve the lives of Trust beneficiaries by strengthening Alaska's system of care, prudently managing Trust assets, and driving lasting, positive change across the state.

Trust beneficiaries include Alaskans who experience:

- Mental illness;
- Intellectual and development disabilities;
- Substance use disorders;
- Alzheimer's disease or related dementia; or
- Traumatic brain injury.

In December 2025 the Trust adopted a new Strategic Framework, affirming our shared commitment to advance efforts to improve lives of Trust beneficiaries.

The Plan's four **Strategic Priorities** strengthen Alaska's full continuum of care, guiding the Trust's investments and moving Alaskans toward a future of well-being:

1. Prevention & Early Intervention
2. Crisis Response
3. Treatment & Recovery
4. Ongoing Support and Wellbeing

The Trust's mission is fulfilled through three fundamental **Core Commitments** that maximize our impact:

- Make data-informed investments
- Foster transformative partnerships
- Steward natural resources for impact

The Trust grants around \$25M a year to beneficiary-serving organizations including state and local governments, Tribal organizations, nonprofits, service providers, and other agencies to help fund initiatives and projects that support beneficiaries. In addition to its role as a grant maker, the Trust is also a leader in implementing system-wide improvements to the continuum of behavioral health care in Alaska. The Trust also has a strong advocacy role around issues pertinent to beneficiaries.

The Trust's 7-member board of trustees is charged with overseeing the management of Trust assets as well as the spending Trust income to improve the lives of Trust beneficiaries. Trustees are appointed by the Governor.

Contracts will be utilized on an as-needed basis and there is no guarantee of work. Contractors will be selected for specified projects based on qualifications, expertise and other considerations including fit with an organization, project and/or individual. The Trust will also consider preferences of the entity targeted for assistance when assigning projects.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 SCOPE OF WORK

The Trust is soliciting proposals for contractors to provide technical assistance to Trust sponsored initiatives and groups in the key areas outlined below.

The Trust intends to establish a pool of technical assistance providers including Trust staff, contracted individuals under this RFP, collaborations with strategic workgroups, partner boards and other resources available to the Trust. Depending upon the project, contractors may engage in more individualized work with an identified group or project to help support progress on defined goals and objectives unique to each project at the discretion of the contract manager. For each organization and project, the services needed will be different but generally will work towards a broader goal of improved organizational and community capacity to positively support and serve Trust beneficiaries.

Contractors will work with the assigned agency to develop a clearly defined scope of work and budget for the assigned project. The project scope and budget must be approved by the contract manager, and the Trust will issue a Work Order to authorize the start of the project. Contractors may include a scoping fee in their project budget not to exceed \$800 that may only be invoiced after a Work Order is issued for the project.

Respondents will be matched at the discretion of the Trust to specific projects based upon qualifications, experience and fit with identified organization. Work may be intermittent and is not guaranteed under this RFP.

SEC. 3.02 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be from the date of award, approximately October 12, 2026, until June 30, 2027. This contract contains four (4) 1-year renewal options, to be exercised solely by the Trust.

Unless otherwise provided in this RFP, the Trust and the successful offeror/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement officer will provide notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

SEC. 3.03 DELIVERABLES

Contractors must provide project-specific scopes of work by email when requested by a Program Officer, which will contain the details of the work to be completed: what, when, where, who, how and how much. A scope of work must contain:

- contractor name and primary project contact with email and phone contact information
- the Trust program officer working on the project

- the agency receiving technical assistance
- list the Key Area of the contract the project falls under
- start and end dates of the scope of work
- a short narrative of the work to include: what the project intends to achieve, the contractor staff members who will be completing the work, the geographic area served and Trust beneficiary categories impacted (1-2 paragraphs at most, more may be needed if the project is complex)
- a list of deliverables to be completed with assigned staff and cost estimates for each deliverable
- and total cost estimate.

Project scopes of work must be approved by the Contract Manager before work can begin. Each project request will be finalized through an authorized project-specific work order with an individualized scope of work, deliverables, a timeline, total number of hours, and maximum project cost through a work order.

Contractors will meet as requested, either electronically or in person, to assess status of assigned scopes of work as determined by the contract manager. Each meeting will include an update and discussion about each separate project.

Each contractor will maintain an activity log detailing time/work on each separate scope of work to be used for billing and back up if requested by the contract manager. The contractor will provide a succinct narrative summarizing activities, progress, highlighted issues and recommendations no later than 30 days after the project end date. Each contractor will be required to provide copies of all tangible items produced through the TA Contract such as reports, analyses, plans, and workflows no later than 30 days after the project end date.

SEC. 3.04 CONTRACT TYPE

This contract is a time and materials contract.

SEC. 3.05 PROPOSED PAYMENT PROCEDURES

The Trust will make payments based on a negotiated payment schedule. Each billing must consist of an invoice and progress report. No payment will be made until the progress report and invoice have been approved by the project director.

SEC. 3.06 PROMPT PAYMENT FOR TRUST PURCHASES

The Trust is eligible to receive a 5% discount for all invoices paid within 15 business days from the date of receipt of the commodities or services and/or a correct invoice, whichever is later. The discount shall be taken on the full invoice amount. The Trust shall consider payment being made as either the date a printed warrant is issued or the date an electronic funds transfer (EFT) is initiated.

SEC. 3.07 CONTRACT PAYMENT

No payment will be made until the contract is approved by the Trust. Under no conditions will the Trust be liable for the payment of any interest charges associated with the cost of the contract. The Trust is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Any single contract payment of \$1 million or higher must be accepted by the contractor via Electronic Funds Transfer (EFT).

SEC. 3.08 CONTRACT PRICE ADJUSTMENTS

Contract hourly rates will remain firm through June 30, 2027.

The contractor may request price adjustments of hourly rates, in writing, 30 days prior to the contract renewal date, at a rate of no more than 3%, with a total rate increase of no more than 10% over the life of the contract. If the contractor fails to request a price adjustment 30 days prior to the contract renewal date, the adjustment will be effective 30 days after the Trust receives their written request.

All price adjustments must be approved by the procurement officer prior to the implementation of the adjusted pricing. Approval shall be in the form of a contract amendment issued by the procurement officer.

SEC. 3.09 LOCATION OF WORK

The Trust will not provide workspace for the contractor. The contractor must provide its own workspace.

Travel within the State of Alaska may be required depending upon the project scope of work and geographic location of the project. Travel must be authorized by the contract manager and will be reimbursed under this contract at actual cost as described in the State Travel Manual, AAM60, and will require submittal of copies of receipts.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors shall be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must contact the procurement officer in writing to request a waiver at least 10 days prior to the deadline for receipt of proposals.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the Trust to reject the proposal as non-responsive or cancel the contract.

SEC. 3.10 SUBCONTRACTORS

Subcontractors may be used to perform work under this contract. If an offeror intends to use subcontractors, the offeror must complete the Submittal Form identified in Section 4.02 of this RFP.

An offeror's failure to provide this information with their proposal may cause the Trust to consider their proposal non-responsive and reject it.

Subcontractor experience shall be considered in determining whether the offeror meets the requirements set forth in Sec. 1.04 Prior Experience.

If a proposal with subcontractors is selected, the Trust may require a signed written statement from each subcontractor that clearly verifies the subcontractor is committed to provide the good or services required by the contract.

The substitution of one subcontractor for another may be made only at the discretion and prior written approval of the project director or procurement officer.

Note that if the subcontractor will not be performing work within Alaska, they will not be required to hold an Alaska business license.

SEC. 3.11 JOINT VENTURES

Joint ventures will not be allowed.

SEC. 3.12 CONTRACT PERSONNEL

Any change of the project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director or procurement officer. Changes that are not approved by the Trust may be grounds for the Trust to terminate the contract.

SEC. 3.13 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The Trust may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed in order to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the Trust to terminate the contract. In this event, the Trust may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

SEC. 3.14 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor a written description of the additional work and request the contractor to submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required Trust approvals necessary for the amendment and issued a written contract amendment, approved by the Trust.

SEC. 3.15 NONDISCLOSURE AND CONFIDENTIALITY

Contractor agrees that all confidential information shall be used only for purposes of providing the deliverables and performing the services specified herein and shall not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor shall hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by, storage, disclosure, publication, dissemination to and/or use by third parties of, the confidential information. "Reasonable care" means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the Trust in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the Trust or its agents or advisors) in oral, electronic, tangible or intangible form and however stored,

compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the Trust to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to: technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the Trust with written notice of the requested disclosure (to the extent such notice to the Trust is permitted by applicable law) and giving the Trust opportunity to review the request. If the contractor receives no objection from the Trust, it may release the confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the Trust within a reasonable time after the contractor's receipt of notice of the requested disclosure and, upon request of the Trust, shall seek to obtain legal protection from the release of the confidential information.

The following information shall not be considered confidential information: information previously known to be public information when received from the other party; information freely available to the general public; information which now is or hereafter becomes publicly known by other than a breach of confidentiality hereof; or information which is disclosed by a party pursuant to subpoena or other legal process and which as a result becomes lawfully obtainable by the general public.

SEC. 3.16 INDEMNIFICATION

The contractor shall indemnify, hold harmless, and defend the contracting agency from and against any claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "Contractor" and "contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

SEC. 3.17 INSURANCE REQUIREMENTS

Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. Workers' Compensation Insurance: The contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The Trust will use the following steps to evaluate and prioritize proposals:

- 1) Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
- 2) A proposal evaluation committee (PEC), made up of at least three state employees or public officials, will evaluate specific parts of the responsive proposals.
- 3) The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.
- 4) The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
- 5) After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
- 6) The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
- 7) The procurement officer will calculate scores for cost proposals as set out in Section 5.08 and add those scores to the awarded points along with factoring in any Alaska preferences.
- 8) The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
- 9) The Trust will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to Trust, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

Overall Criteria	Weight

Total	40

Preference Criteria	Weight
Alaska Offeror Preference (if applicable)	10
Total	10

TOTAL EVALUATION POINTS AVAILABLE: 100

SEC. 5.03 SCORING METHOD AND CALCULATION

The PEC will evaluate responses against the questions set out in Sections 5.04 through 5.07 and assign a single score for each section. Offerors' responses for each section will be rated comparatively against one another with each PEC member assigning a score of 1, 5, or 10 (with 10 representing the highest score, 5 representing the average score, and 1 representing the lowest score). Responses that are similar or lack dominant information to differentiate the offerors from each other will receive the same score. Therefore, it is the offeror's responsibility to provide dominant information and differentiate themselves from their competitors.

After the PEC has scored each section, the scores for each section will be totaled and the following formula will be used to calculate the amount of points awarded for that section:

Offeror Total Score
-x Max Points = Points Awarded
Highest Total Score Possible

Example (Max Points for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75

Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

Offeror Total Score (30)

_____ x Max Points (100) = Points Awarded (75)

Highest Total Score Possible (40)

Offeror 2 was awarded 50 points:

Offeror Total Score (20)

_____ x Max Points (100) = Points Awarded (50)

Highest Total Score Possible (40)

Offeror 3 was awarded 100 points:

Offeror Total Score (40)

_____ x Max Points (100) = Points Awarded (100)

Highest Total Score Possible (40)

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

This portion of the offeror's proposal will be evaluated against the following questions:

1) Questions regarding the personnel:

- Do the individuals assigned to the project have experience on similar projects?
- Are resumes complete and do they demonstrate backgrounds that would be desirable for individuals engaged in the work the project requires?
- How extensive is the applicable education and experience of the personnel designated to work on the project?

2) Questions regarding the firm and subcontractor (if used):

- How well has the firm demonstrated experience in completing similar projects on time and within budget?
- How successful is the general history of the firm regarding timely and successful completion of projects?
- Has the firm provided references from previous clients?
- How extensive is the firm's experience working with rural Alaska organizations?
- If a subcontractor will perform work on the contract, how well do they measure up to the evaluation used for the offeror?

SEC. 5.05 UNDERSTANDING OF THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well has the offeror demonstrated a thorough understanding of the purpose and scope of the project?
- 2) How well has the offeror identified pertinent issues and potential problems related to the project?
- 3) To what degree has the offeror demonstrated an understanding of the deliverables the Trust expects it to provide?

SEC. 5.06 METHODOLOGY USED FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How comprehensive is the methodology and does it depict a logical approach to fulfilling the requirements of the RFP?
- 2) How well does the methodology match and achieve the objectives set out in the RFP?

SEC. 5.07 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

- 1) How well is accountability completely and clearly defined?
- 2) Is the organization of the project team clear?
- 3) How well does the management plan illustrate the lines of authority and communication?
- 4) Has the offeror gone beyond the minimum tasks necessary to meet the objectives of the RFP?
- 5) To what degree is the proposal practical and feasible?
- 6) To what extent has the offeror identified potential problems?

SEC. 5.08 CONTRACT COST (COST PROPOSAL)

Overall, 40% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):

Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$

Offeror #3 receives 336.8 points.

$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$

SEC. 5.09 APPLICATION OF PREFERENCES

Certain preferences apply to all Trust contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the following website:

<http://doa.alaska.gov/dgs/pdf/pref1.pdf>

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050
- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)
- Alaska Veteran's Preference - AS 36.30.321(f)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business' or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the Trust to disallow the preference.**

SEC. 5.10 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

- 1) holds a current Alaska business license prior to the deadline for receipt of proposals;
- 2) submits a proposal for goods or services under the name appearing on the offeror's current Alaska business license;
- 3) has maintained a place of business within the state staffed by the offeror, or an employee of the offeror, for a period of six months immediately preceding the date of the proposal;

- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror's failure to provide this completed form with their proposal will cause the Trust to disallow the preference.

SEC. 5.11 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

- A. sole proprietorship owned by an Alaska veteran;
- B. partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the Trust to disallow the preference.

SEC. 5.12 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points, which will be added to the offeror's overall evaluation score.

Example:

Step 1

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
Offeror #3	900 points (800 points + 100 points)

Offeror #3 is the

Minor informalities that:

- are trivial, negligible, or immaterial in nature;

The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 6.17 DISCUSSIONS WITH OFFERORS

The Trust may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.18 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the Trust may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations are commenced, they may be held virtually.

SEC. 6.19 FAILURE TO NEGOTIATE

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or
- if the offeror and the Trust, after a good faith effort, simply cannot come to terms,

the Trust may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 6.20 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal excise tax or duty that may result in either an increase or decrease in the contract price and shall take appropriate action as directed by the procurement officer.
- **After-imposed or Increased Taxes and Duties:** Any federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b) The contractor warrants, in writing, that no amount of the newly imposed federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in federal excise tax or duty for goods or services under the contract, except social security or other employment [taxes](#), that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor's fault, negligence, or failure to follow instructions of the procurement officer.
- **Trust's Ability to Make Changes:** The Trust reserves the right to request verification of federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.

SEC. 6.21 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

Protests filed by telex or telegram are not acceptable because they do not contain a signature. Fax copies containing a signature are acceptable.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."
