RE: Project Name: BAAF – 47430 Hangar 1 – Roof and Envelope Project
Project Number: 02A7026003
Project Location: JBER, Alaska

Addendum # One (1)

This addendum forms a part of the contract documents and modifies the original drawings and/or specifications for the subject work. In case of conflicts between this addendum and previously issued documents, this addendum shall take precedence.

The following administrative changes have been made to this ITB:

1. The bid due date for this ITB has been extended from September 15th, 2026 to September 22nd, 2026 before 1:00pm Alaska Time to provide more time for the Contractors to review all the documents and submit a competitive bid. Additionally, there are other BAAF Hangar roof projects due that day, so this will allow potential Contractors with an opportunity to bid on both projects rather than just focusing on one.

Question and Answer:

1. Question: "Reading through the RFP it sounds like we are to re-install the existing light fixtures on the exterior and not provide new, is this correct?"

Answer: "Yes, that is correct."

Please contact me if you have any other questions.

Respectfully,

Scott M. Higbee
