Offerors must specify which key area or areas in SEC. 3.01 Scope of Work they are requesting consideration in response to the RFP by checking the appropriate box or boxes at the start of Submittal Form B. The Trust has discretion to award contracts that limit work to specific key areas.

Offerors must provide a narrative description of the organization of the project team, illustrate lines of authority, and provide a personnel roster that identifies each person who will actually work on the contract along with their titles and location(s) where work will be performed, and designate the individual responsible and accountable for each component of the RFP.

Offerors must describe experience working with Trust beneficiaries and initiatives. Offerors must describe their experience working in rural Alaska.

SPECIAL NOTE: The offeror shall not disclose their costs in this Submittal Form. This Submittal Form shall be kept anonymous and must not contain any names that can be used to identify who the offeror is and cannot exceed the page limit (as described in Section 4.02).
