SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE RFP

The Department of Health (DOH or the Department), Division of Behavioral Health (DBH), is soliciting proposals for a contractor based in Anchorage, Alaska, to provide statewide support services that promote successful community reintegration, improve health and behavioral health outcomes, and reduce recidivism among individuals returning from incarceration. Reentry support services provide immediate stabilization through housing, employment assistance when appropriate, linkage to treatment and community support, and other evidence-based reentry services that promote long-term community stability.

SEC. 1.02 BUDGET

DBH estimates a budget of \$2,034,375.00 for completion of this project. Proposals priced at more than \$2,034,375.00 will be considered non-responsive and the proposal will be rejected.

Approval or continuation of a contract resulting from this RFP is contingent upon legislative appropriation or federal funding.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **2:00 PM** prevailing Alaska Time on **September 18, 2026**. Late proposals or amendments will be disqualified and not opened or accepted for evaluation.

SEC. 1.04 MANDATORY REQUIREMENTS

To be considered responsive for this RFP, an offeror must meet the mandatory minimum requirements that are provided in **Submittal Form E – Mandatory Requirements**. **Failure to meet all these requirements will result in immediate disqualification.**

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of the offeror's proposals upon which award cannot be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer at least ten days before the deadline for receipt of proposals. The interested party must confirm telephone conversations in writing.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the RFP. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the RFP. The procurement officer will make that decision.

SEC. 1.07 RETURN INSTRUCTIONS

Offerors must submit their proposals via email. The technical proposal and cost proposal must be saved as separate documents and emailed to doh.procurement.proposals@alaska.gov as separate, clearly labeled attachments. The email must contain the RFP number in the subject line.

The maximum size of a single email (including all text and attachments) that can be received by the State is 25mb (megabytes). If the email containing the proposal exceeds this size, the proposal must be sent in multiple emails that are each less than 25 megabytes.

Please note that email transmission is not instantaneous. Similar to sending a hard copy proposal, if you are emailing your proposal, the State recommends sending it ahead of time to ensure the email is delivered by the deadline for receipt of proposals.

It is the offeror's responsibility to contact the above email address to confirm that the proposal has been received. The State is not responsible for unreadable, corrupt, or missing attachments.

SEC. 1.08 ASSISTANCE TO OFFERORS WITH A DISABILITY

Offerors with a disability may receive accommodation regarding the means of communicating this RFP or participating in the procurement process. For more information, contact the procurement officer no later than ten days prior to the deadline for receipt of proposals.

SEC. 1.09 AMENDMENTS TO PROPOSALS

Amendments to or withdrawals of proposals will only be allowed if acceptable requests are received prior to the deadline that is set for receipt of proposals. No amendments or withdrawals will be accepted after the deadline unless they are in response to the State's request in accordance with 2 AAC 12.290.

SEC. 1.10 AMENDMENTS TO THE RFP

If an amendment is issued before the deadline for receipt of proposals, it will be provided to all who were notified of the RFP and to those who have registered with the procurement officer after receiving the RFP from the State of Alaska Online Public Notice website.

After receipt of proposals, if there is a need for any substantial clarification or material change in the RFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 1.11 RFP SCHEDULE

RFP schedule set out herein represents the State's best estimate of the schedule that will be followed. If a component of this schedule, such as the deadline for receipt of proposals, is delayed, the rest of the schedule may be shifted accordingly. All times are Alaska Time.

SECTION 2. BACKGROUND INFORMATION

DBH currently provides funding for this reentry support services contract and a separate program referred to as the Reentry Intensive Case Management (RICM) Grant. The RICM Grant has eligibility requirements that distinguish it from this contract. The RICM grant primarily funds local and regional case management providers that support systems of care for reentrants within the following service areas:

1. Anchorage
2. Mat-Su Valley
3. Fairbanks
4. Soldotna
5. Juneau
6. Ketchikan
7. Dillingham
8. Nome

This contract will be based in Anchorage. The concentration of reentrants creates a workload and service demand far greater and more complex than any other region, making Anchorage the logical location for centralized coordination. Anchorage hosts numerous partner organizations essential for cross-agency collaboration and has the greatest concentration of correctional, probation, behavioral health, housing, employment, and community resources. As Alaska's population center and transportation hub, Anchorage allows the contractor to efficiently coordinate statewide reentry support services while supporting both urban and rural communities. Although based in Anchorage and able to reach approximately 50 percent of the State's reentry population, the contractor will also support reentrants released to, or relocating to, other communities throughout Alaska, prioritizing reentrants who are relocating to local regions where no RICM grant exists. Both this contract and the RICM Grant are collaborative efforts between the DBH and the Department of Corrections (DOC).

Successful reentry requires coordinated services that address the interconnected barriers individuals often face following incarceration, including unstable housing, unemployment, behavioral health conditions, substance use disorders, transportation challenges, limited access to health care, and limited community supports. This contract emphasizes immediate stabilization by helping reentrants address practical barriers to successful community reintegration. Housing, employment, linkages to care, transportation, identification, food security, communication, clothing, hygiene items, and other immediate stabilization needs remain the primary focus of this contract.

The Department recognizes that successful reintegration will differ based on each reentrant's strengths, needs, age, disability, cognitive functioning, behavioral health status, and other individual circumstances. While competitive employment is an important outcome for many reentrants, other individualized outcomes, including enrollment in disability benefits, supportive housing, ongoing behavioral health treatment, vocational rehabilitation, education, recovery support, or other community-based services, may represent successful reintegration for reentrants whose long-term independence will require continued assistance. The Department recognizes that reentrant progress will not always follow a linear path. Success should be measured by meaningful progress toward stability, increased community integration, and reduced barriers to successful reintegration based on each reentrant's individual circumstances.

Because program resources are finite, the contractor will generally prioritize reentrants demonstrating the greatest combination of reentry needs, housing instability, behavioral health needs, limited natural supports, and

likelihood of benefiting from intensive stabilization services. When available, criminogenic risk and need information provided by referral partners may be considered as one factor in service prioritization but should not be the sole determining factor. During periods of lower referral volume or available program capacity, the contractor may provide transitional services to additional eligible reentrants whose needs can be effectively addressed through shorter-term assistance.

Successful implementation of this contract depends on strong partnerships with community providers, landlords, employers, Tribal organizations, state agencies, and other stakeholders. Individuals returning from incarceration often face significant housing barriers due to criminal history restrictions, limited rental availability, financial instability, and other factors. Many reentrants also encounter barriers to obtaining employment because of criminal convictions, limited work history, disability, behavioral health conditions, or other individual circumstances. The contractor is expected to develop and maintain collaborative relationships with private landlords, employers, the Department of Labor and Workforce Development, the Division of Vocational Rehabilitation, Tribal Health Organizations, behavioral health providers, and other community partners to maximize available resources and improve reentrant outcomes.

This contract is intended to complement, not duplicate, services provided through the RICM Grant, Medicaid, Tribal Health Organizations, the DOC, the Department of Labor and Workforce Development, the Division of Vocational Rehabilitation, local community providers, and other state or federally funded programs. The contractor will coordinate closely with these partners while focusing on immediate stabilization needs and practical barriers that frequently prevent successful community reintegration following release from incarceration. Whenever practical, the contractor will leverage existing community resources before utilizing contract funds. Contract resources should be used to fill gaps, accelerate access to services, remove immediate barriers, and support successful transition into ongoing community-based services.

SECTION 3. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 3.01 CRITICAL GOALS AND OBJECTIVES

The critical goals and objectives of this contract are to increase public safety by reducing recidivism, improving health outcomes, and promoting successful community reintegration for individuals returning to the community following incarceration. The successful contractor will provide immediate reentry support services by stabilizing and assisting reentrants in securing housing, employment, transportation, identification, food security, clothing, and other essential supports that reduce barriers to successful reintegration. The contractor will coordinate and facilitate access to community-based services through individualized support, referrals, and documented warm handoffs to behavioral health treatment, substance use disorder treatment, medical care, vocational services, benefits, and other community resources. The contractor will work collaboratively with community partners to promote long-term stability while complementing existing services and avoiding unnecessary duplication.

SEC. 3.02 SCOPE OF WORK

The successful contractor will provide statewide reentry support services for individuals returning to Alaska communities following incarceration, with a primary focus in Anchorage. The contractor will coordinate with DOC, the Alaska Mental Health Trust Authority, Tribal organizations, community providers, and other partners to assist reentrants in overcoming barriers to successful community reintegration.

The contractor will provide individualized services that emphasize rapid stabilization following release from incarceration. Primary areas of service include:

1. Housing Stabilization
2. Employment & Economic Stability
3. Reentry Support Services

The contractor will maximize available community resources before utilizing contract funds. Whenever practical, services will be coordinated through Medicaid, Tribal Health Organizations, the Department of Labor and Workforce Development, the Division of Vocational Rehabilitation, Veterans benefits, local community providers, or other available funding sources. Contract funds are intended to address immediate stabilization needs, remove barriers to successful reintegration, and fill service gaps when reentrants are ineligible for other resources, services are unavailable, or assistance cannot be obtained in a timeframe necessary to support successful community reintegration. The contractor will provide flexible reentry support services, including case management activities necessary to coordinate services, remove barriers, and connect reentrants with ongoing community resources

Approximately five hundred reentrants are expected to be served annually under this contract. Although most reentrants are expected to be in Anchorage, services must be available to eligible reentrants residing in or relocating to other communities throughout Alaska.

SEC. 3.03 DELIVERABLES

The contractor will be expected to work with various State partners, including DOC to provide the following services:

Housing Stabilization: The contractor will focus on providing immediate transitional housing after an individual is released from incarceration. For reentrants experiencing disabilities or other functional impairments, health or behavioral health conditions, or other documented barriers that make competitive employment unlikely, the contractor will assist reentrants in pursuing other appropriate pathways toward long-term stability, including vocational rehabilitation, education, disability benefits, volunteer opportunities, and / or other individualized goals.

1. **Performance Measures:** To be reported monthly and a cumulative report during the fiscal year.

- a. Number of reentrants employed on the last day of the month.

The contractor may use discretion to purchase items not on the list, with a cap of \$20 per reentrant. Items may include stationery, person hygiene products, socks, etc.

The contractor will submit requests for vehicle repairs directly to the Project Director. Requests must be accompanied by an estimate from a licensed repair shop. The State **WILL NOT** provide workspace for the contractor. The contractor must provide its own workspace.

Travel to other locations will not be required.

By signature on their proposal, the offeror certifies that all services provided under this contract by the contractor and all subcontractors will be performed in the United States.

If the offeror cannot certify that all work will be performed in the United States, the offeror must submit a request, set out in a separate document in their proposal, that provides a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason that is necessary.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

Failure to comply with these requirements may cause the State to reject the proposal as non-responsive or cancel the contract.

SEC. 3.11 SUBCONTRACTORS

Subcontractors will not be allowed.

SEC. 3.12 JOINT VENTURES

Joint ventures will not be allowed.

SEC. 3.13 RIGHT TO INSPECT PLACE OF BUSINESS

SEC. 3.14 CONTRACT PERSONNEL

Any change of project team members or subcontractors named in the proposal must be approved, in advance and in writing, by the project director or procurement officer. Changes that are not approved by the State may be grounds for the State to terminate the contract.

SEC. 3.15 INSPECTION & MODIFICATION - REIMBURSEMENT FOR UNACCEPTABLE DELIVERABLES

The contractor is responsible for the completion of all work set out in the contract. All work is subject to inspection, evaluation, and approval by the project director. The State may employ all reasonable means to ensure that the work is progressing and being performed in compliance with the contract. The project director or procurement officer may instruct the contractor to make corrections or modifications if needed to accomplish the contract's intent. The contractor will not unreasonably withhold such changes.

Substantial failure of the contractor to perform the contract may cause the State to terminate the contract. In this event, the State may require the contractor to reimburse monies paid (based on the identified portion of unacceptable work received) and may seek associated damages.

SEC. 3.16 CONTRACT CHANGES - UNANTICIPATED AMENDMENTS

During the course of this contract, the contractor may be required to perform additional work. That work will be within the general scope of the initial contract. When additional work is required, the project director will provide the contractor with a written description of the additional work and request the contractor submit a firm time schedule for accomplishing the additional work and a firm price for the additional work. Cost and pricing data must be provided to justify the cost of such amendments per AS 36.30.400.

The contractor will not commence additional work until the procurement officer has secured any required State approvals necessary for the amendment and issued a written contract amendment, approved by the Commissioner of the Department of Health or the Commissioner's designee.

SEC. 3.17 NONDISCLOSURE AND CONFIDENTIALITY

Contractor agrees that all confidential information will be used only for purposes of providing the deliverables and performing the services specified herein and will not disseminate or allow dissemination of confidential information except as provided for in this section. The contractor will hold as confidential and will use reasonable care (including both facility physical security and electronic security) to prevent unauthorized access by storage, disclosure, publication, dissemination to and/or use by third parties of confidential information. “Reasonable care” means compliance by the contractor with all applicable federal and state law, including the Social Security Act and HIPAA. The contractor must promptly notify the State in writing if it becomes aware of any storage, disclosure, loss, unauthorized access to or use of the confidential information.

Confidential information, as used herein, means any data, files, software, information or materials (whether prepared by the State or its agents or advisors) in oral, electronic, tangible or intangible form and however stored, compiled or memorialized that is classified confidential as defined by State of Alaska classification and categorization guidelines provided by the State to the contractor or a contractor agent or otherwise made available to the contractor or a contractor agent in connection with this contract, or acquired, obtained or learned by the contractor or a contractor agent in the performance of this contract. Examples of confidential information include, but are not limited to technology infrastructure, architecture, financial data, trade secrets, equipment specifications, user lists, passwords, research data, and technology data (infrastructure, architecture, operating systems, security tools, IP addresses, etc).

If confidential information is requested to be disclosed by the contractor pursuant to a request received by a third party and such disclosure of the confidential information is required under applicable state or federal law, regulation, governmental or regulatory authority, the contractor may disclose the confidential information after providing the State with written notice of the requested disclosure (to the extent such notice to the State is permitted by applicable law) and giving the State opportunity to review the request. If the contractor receives no objection from the State, it may release confidential information within 30 days. Notice of the requested disclosure of confidential information by the contractor must be provided to the State within a reasonable time after the contractor’s receipt of notice of the requested disclosure and, upon request of the State, will seek to obtain legal protection from the release of confidential information.

SEC. 3.18 INDEMNIFICATION

The contractor will indemnify, hold harmless, and defend the contracting agency from and against any third-party claim of, or liability for error, omission or negligent act of the contractor under this agreement. The contractor will not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. If there is a claim of, or liability for, the joint negligent error or omission of the contractor and the independent negligence of the contracting agency, the indemnification and hold harmless obligation will be apportioned on a comparative fault basis. “Contractor” and “contracting agency”, as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term “independent negligence” is negligence other than in the contracting agency’s

selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

SEC. 3.19 INSURANCE REQUIREMENTS

Without limiting contractor's indemnification, it is agreed that contractor will purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. Where specific limits are shown, it is understood that they will be the minimum acceptable limits. If the contractor's policy contains higher limits, the State will be entitled to coverage to the extent of such higher limits.

Certificates of Insurance must be furnished to the procurement officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapses of the policy is a material breach of this contract and will be grounds for termination of the contractor's services. All insurance policies will comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

Workers' Compensation Insurance: The contractor will provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. The policy must waive subrogation against the State.

Commercial General Liability Insurance: covering all business premises and operations used by the Contractor in the performance of services under this agreement with minimum coverage limits of \$300,000 combined single limit per claim.

SEC. 3.20 TERMINATION FOR DEFAULT

If the project director or procurement officer determines that the contractor has refused to perform the work or has failed to perform the work with such diligence as to ensure its timely and accurate completion, the State may, by providing written notice to the contractor, terminate the contractor's right to proceed with part or all of the remaining work.

The procurement officer may also, by written notice, terminate the contract under Administrative Order 352 if the contractor supports or participates in a boycott of the State of Israel.

This clause does not restrict the State's termination rights under the contract provisions of Appendix A, attached in **SECTION 7. ATTACHMENTS**.

SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION

SEC. 5.01 SUMMARY OF EVALUATION PROCESS

The State will use the following steps to evaluate and prioritize proposals:

1. Proposals will be assessed for overall responsiveness. Proposals deemed non-responsive will be eliminated from further consideration.
2. A proposal evaluation committee (PEC), made up of at least three State employees or public officials, will evaluate specific parts of the responsive proposals.
3. The Submittal Forms, from each responsive proposal, will be sent to the PEC. No cost information will be shared or provided to the PEC.
4. The PEC will independently evaluate and score the documents based on the degree to which they meet the stated evaluation criteria.
5. After independent scoring, the PEC will have a meeting, chaired by the procurement officer, where the PEC may have a group discussion prior to finalizing their scores.
6. The evaluators will submit their final individual scores to the procurement officer, who will then compile the scores and calculate awarded points as set out in Section 5.03.
7. The procurement officer will calculate scores for cost proposals as set out in Section 5.07 and add those scores to the awarded points along with factoring in any Alaska preferences.
8. The procurement officer may prioritize the proposals, and the State may conduct interviews with the top-rated offerors.
9. The PEC will evaluate and score the interviews, and the procurement officer will compile final scores.
10. The procurement officer may ask for best and final offers from offerors susceptible for award and revise the cost scores accordingly.
11. The State will then conduct any necessary negotiations with the highest scoring offeror and award a contract if the negotiations are successful.

SEC. 5.02 EVALUATION CRITERIA

Proposals will be evaluated based on their overall value to the State, considering both cost and non-cost factors as described below. Note: An evaluation may not be based on discrimination due to the race, religion, color, national origin, sex, age, marital status, pregnancy, parenthood, disability, or political affiliation of the offeror.

SEC. 5.03 SCORING METHOD AND CALCULATION

The PEC will evaluate responses against the questions set out in Sections 5.04 through 5.06 and assign a single score for each section. Offerors' responses for each section may be rated comparatively against one another with each PEC member assigning a score of 1, 5, or 10 (with 10 representing the highest score, 5 representing the average score, and 1 representing the lowest score). Responses that are similar or lack dominant information to differentiate the offerors from each other will receive the same score. Therefore, it is the offeror's responsibility to provide dominant information and differentiate themselves from their competitors.

After the PEC has scored each section, the scores for each section will be totaled and the following formula will be used to calculate the number of points awarded for that section:

1. Maximum Points Available / Maximum Combined PEC Score Possible
2. Combined PEC Score x Result of 1)

Example (Maximum Points Available for the Section = 100):

	PEC Member 1 Score	PEC Member 2 Score	PEC Member 3 Score	PEC Member 4 Score	Combined Total Score	Points Awarded
Offeror 1	10	5	5	10	30	75
Offeror 2	5	5	5	5	20	50
Offeror 3	10	10	10	10	40	100

Offeror 1 was awarded 75 points:

Maximum Points Available (100)
 _____ = 2.5
 Maximum Combined PEC Score Possible (40)

Combined PEC Score (30) x 2.5 = Points Awarded (75)

Offeror 2 was awarded 50 points:

Maximum Points Available (100)

_____ = 2.5
Maximum Combined PEC Score Possible (40)

Combined PEC Score (20) x 2.5 = Points Awarded (50)

Offeror 3 was awarded 100 points:

Maximum Points Available (100)
_____ = 2.5
Maximum Combined PEC Score Possible (40)

Combined PEC Score (40) x 2.5 = Points Awarded (100)

SEC. 5.04 EXPERIENCE AND QUALIFICATIONS

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well did the offer detail their specific experience in working with reentrants and other reentry service agencies?
2. How well did the offerors resumes detail specific experience in projects of a similar nature along with directly related experience for all key personnel identified in Submittal Form A.?
3. How did the offeror describe the organization of the project team and the individual(s) responsible for and accountable for the completion of each component and deliverable of the RFP?

SEC. 5.05 UNDERSTANDING AND METHODOLOGY OF THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well did the offeror demonstrate their understanding of the project requirements and how to meet the State's needs?
2. How well did the offeror demonstrate their knowledge of Alaska's high-risk reentrant population and the unique supervision, the housing restrictions they face and the methods they will use to be successful in overcoming those restrictions?
3. How well did the offeror demonstrate how they will provide statewide, multi-regional service delivery with Anchorage as the main release hub to serve the 500 plus anticipated reentrants?
4. How well did the offeror demonstrate their prior experience coordinating with the DOC, community reentry providers, Tribal organizations, housing partners, employers, and statewide behavioral health agencies?
5. How well did the offeror demonstrate their understanding of the geographic and logistical challenges of serving remote, road-less, and weather impacted communities in Alaska?
6. What details did the offeror provide that demonstrate the methodology they will use to distribute funds for the project and how they will meet the deliverables outlined in SEC. 3.03 Deliverables?

SEC. 5.06 MANAGEMENT PLAN FOR THE PROJECT

This portion of the offeror's proposal will be evaluated against the following questions:

1. How well did the offeror demonstrate their management plan and how that plan will serve to accomplish the work and meet the State's needs?
2. To what extent did the offeror identify potential issues, risks, or problems they foresee with this project and how they will address them?

SEC. 5.07 CONTRACT COST (COST PROPOSAL)

Overall, a minimum of 40% of the total evaluation points will be assigned to cost. After the procurement officer applies any applicable preferences, the offeror with the lowest total cost will receive the maximum number of points allocated to cost per 2 AAC 12.260(c). The point allocations for cost on the other proposals will be determined using the following formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

Example (Max Points for Contract Cost = 400):

Step 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

Step 2

In this example, the RFP allotted 40% of the available 1,000 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 400 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 400 points.

Offeror #2 receives 374.3 points.

$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 374.3$$

Offeror #3 receives 336.8 points.

$$\$40,000 \text{ lowest cost} \times 400 \text{ maximum points for cost} = 16,000,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 336.8$$

SEC. 5.08 APPLICATION OF PREFERENCES

Certain preferences apply to all state contracts, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the RFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant

statutes and codes explain when the preferences apply and provide examples of how to calculate the preferences are available at the following website:

<https://oppm.doa.alaska.gov/policy-oversight/policy-resources/user-guide-matrixes/>

To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the State to disallow the preference.**

SEC. 5.09 ALASKA BIDDER PREFERENCE

1. holds a current Alaska business license prior to the deadline for receipt of proposals;

5. if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror's failure to provide this completed form with their proposal will cause the State to disallow the preference.

SEC. 5.10 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the State to disallow the preference.

SEC. 5.11 ALASKA MILITARY SKILLS PROGRAM PREFERENCE

An Alaska Military Skills Program Preference of 2%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and:

1. Employs at least one person who is currently enrolled in, or within the previous two years graduated from, a United States Department of Defense SkillBridge or United States Army career skills program for service members or spouses of service members that offers civilian work experience through specific industry training, pre-apprenticeships, registered apprenticeships, or internships during the last 180 days before a service member separates or retires from the service; or
2. has an active partnership with an entity that employs an apprentice through a program described above.

Alaska Military Skills Program Preference Certification

In order to receive the Alaska Military Skills Program Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the State to disallow the preference.

In addition, proof of graduation of the qualifying employee from an eligible program as described in AS 36.30.321(l) must be provided to the procurement officer at time of proposal submission. Offerors must provide clarification or additional information requested by the procurement officer related to the preference not later than 5:00 PM Alaska Time one (1) business day following the date of the request. Failure to provide sufficient documentation will result in the offeror not receiving the Military Skills Program Preference.

SEC. 5.12 ALASKA OFFEROR PREFERENCE

Per 2 AAC 12.260, if an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total points available, which will be added to the offeror's overall evaluation score.

Example:**Step 1**

Determine the number of points available to qualifying offerors under this preference:

1000 Total Points Available in RFP x 10% Alaska Offeror preference = 100 Points for the preference

Step 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska Offeror preference. For the purpose of this example, presume that all proposals have been completely evaluated based on the evaluation criteria in the RFP. The scores at this point are:

Offeror #1	830 points	No Preference	0 points
Offeror #2	740 points	Alaska Offeror Preference	100 points
Offeror #3	800 points	Alaska Offeror Preference	100 points

Step 3

Add the applicable Alaska Offeror preference amounts to the offerors' scores:

Offeror #1	830 points
Offeror #2	840 points (740 points + 100 points)
Offeror #3	900 points (800 points + 100 points)

Offeror #3 is the top scoring offeror.

SEC. 5.13 CONTRACT NEGOTIATIONS

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, will be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals.

If the selected offeror:

1. fails to provide the information required to begin negotiations in a timely manner; or
2. fails to negotiate in good faith; or
3. indicates they cannot perform the contract within the budgeted funds available for the project; or
4. if the offeror and the State, after a good faith effort, simply cannot come to terms,

The State may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 5.14 SHORTLISTING

After proposals have been prioritized, the State may shortlist and interview the top three highest ranking offerors. The State may increase or decrease the number of offerors in this list based on the competitiveness of the proposals and/or from feedback from the PEC.

SEC. 5.15 INTERVIEWS OF CRITICAL TEAM MEMBERS

The State may conduct interviews with the critical team members identified in Submittal Form A of the offeror's proposal (the State reserves the right to request additional personnel). All these personnel must attend the interview, and no other individuals from the offeror's organization will be allowed to sit in or participate during the interview sessions. If any of these personnel fail to attend the interview the offeror may be given a "1" score, which may jeopardize the offeror's competitiveness.

Interviews are expected to last approximately 60 minutes, but that time may be increased or decreased at the discretion of the State. Interviewees may not bring notes, presentation materials, or handouts. Interviewees may be prohibited from making any reference to their proposed cost / fees.

Interviewees may be asked questions regarding their experience, knowledge and understanding of the scope of work, obstacles and challenges, strategies, and their plan/approach. The State may request additional information prior to interviews. The PEC will score each interview individually using the 1, 5, or 10 scoring method described in Section 5.03, and may have a group discussion prior to finalizing scores.

SEC. 5.16 OFFEROR NOTIFICATION OF SELECTION

After the completion of contract negotiation, the procurement officer will issue a written Notice of Intent to Award and send copies of that notice to all offerors who submitted proposals. The notice will list the names of all offerors and identify the offeror(s) selected for award.

SECTION 6. GENERAL PROCESS AND LEGAL INFORMATION

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing** for information on these licenses. 4. A copy of the Alaska business license application with a receipt stamp from the State's occupational licensing office.
5. A sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

1. Fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game.
2. Liquor licenses issued by Alaska Department of Revenue for alcohol sales only.
3. Insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance.
4. Mining licenses issued by Alaska Department of Revenue.

Prior to the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

SEC. 6.02 STANDARD CONTRACT PROVISIONS

The contractor will be required to sign the State's Standard Contract Form for Goods and Non-Professional Services. This form is attached with the RFP for your review. The contractor must comply with the Appendix A contract provisions set out in this attachment. No alteration of these provisions will be permitted without prior written approval from the Department of Law, and the State reserves the right to reject a proposal that is non-compliant or takes exception with the contract terms and conditions stated in the Agreement. Any requests to change language in this document (adjust, modify, add, delete, etc.), must be set out in the offeror's proposal in a separate document. Please include the following information with any change that you are proposing:

1. Identify the provision that the offeror takes exception with.
2. Identify why the provision is unjust, unreasonable, etc.
3. Identify exactly what suggested changes should be made.

SEC. 6.03 BUSINESS ASSOCIATE AGREEMENT (BAA)

The State has a standard BAA that is included in contracts that involve Personal Health Information (PHI) covered under the Health Insurance Portability and Accountability (HIPAA) Act. This BAA will be included in the fully executed contract and is attached along with this RFP as HIPAA BAA. Similar to Section 6.03, any request to change language in this document must be set out in the offeror's proposal in a separate document, and no alteration of these provisions will be permitted without prior written approval from both DOH Security Office and the Department of Law.

SEC. 6.04 QUALIFIED OFFERORS

Per 2 AAC 12.875, unless provided for otherwise in the RFP, to qualify as an offeror for award of a contract issued under AS 36.30, the offeror must:

1. Add value in the contract by actually performing, controlling, managing, or supervising the services to be provided; or
2. Be in the business of selling and have actually sold on a regular basis the supplies that are the subject of the RFP.

If the offeror leases services or supplies or acts as a broker or agency in providing the services or supplies in order to meet these requirements, the procurement officer may not accept the offeror as a qualified offeror under AS 36.30.

SEC. 6.05 PROPOSAL AS PART OF THE CONTRACT

Part or all of this RFP and the successful proposal may be incorporated into the contract.

SEC. 6.06 ADDITIONAL TERMS AND CONDITIONS

The State reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the RFP and will not affect the proposal evaluations.

SEC. 6.07 HUMAN TRAFFICKING

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <https://www.state.gov/trafficking-in-persons-report/>

Failure to comply with this requirement will cause the State to reject the proposal as non-responsive or cancel the contract.

SEC. 6.08 RIGHT OF REJECTION

Offerors must comply with all the terms of the RFP, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any proposal that does not comply with all the material and substantial terms, conditions, and performance requirements of the RFP.

Offerors may not qualify the proposal nor restrict the rights of the State. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counteroffer and the proposal may be rejected.

Minor informalities that:

1. Do not affect responsiveness;
2. Are merely a matter of form or format;
3. Do not change the relative standing or otherwise prejudice other offers;
4. Do not change the meaning or scope of the RFP;
5. Are trivial, negligible, or immaterial in nature;
6. Do not reflect a material change in the work; or
7. Do not constitute a substantial reservation against a requirement or provision.

may be waived by the procurement officer.

The State reserves the right to refrain from making an award if it determines that to be in its best interest. **A proposal from a debarred or suspended offeror will be rejected.**

SEC. 6.09 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The State will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

SEC. 6.10 DISCLOSURE OF PROPOSAL CONTENTS

This section governs the ownership, return, and disclosure of any offer or other record an offeror submits in response to this request for proposals. (Herein, any reference to “Record” includes all such records and the offer; any reference to “Law” includes any federal or State of Alaska (State) law, including any court or administrative order or rule.)

1. All Records belong to the State.
2. The State has sole discretion regarding whether to return any Record. In exercising this discretion, the State will comply with all Laws.
3. Unless a notice of intent to award is issued, the State will, to the extent permitted by Law, consider all Records confidential and not subject to the Alaska Public Records Act (APRA).
4. If and when a notice of intent to award is issued, the State will consider nonconfidential and subject to the APRA any Record unless, at the time of submission, the offeror undertook the following protective measures in their proposal (considering page limits in Section 4.02 of the RFP, the offeror may set out in a separate document):
 - a. marked information confidential;
 - b. for any information marked confidential, identified the authority that makes that specific information confidential; and
 - c. committed, in writing, to explain in detail, including with affidavits and briefs, why each authority applies in any court or administrative proceeding in which any nondisclosure is challenged.
5. If the offeror did not undertake each protective measure, the State will not consider any information in a Record confidential: the State will disclose the entire Record without any redaction in response to an APRA or other request or, if it chooses, in the absence of a request and the State will disclose the entire Record without notifying the offeror.

6. If the offeror undertook each protective measure, the State will withhold the information marked confidential to the following extent:
 - a. The State agrees that the Law protects the information; and
 - b. If the nondisclosure is challenged, the offeror fulfills its commitment to explain, including with affidavits and briefs, how each authority applies to the information marked confidential.
7. The State will only notify an offeror of a request for the Record and of a planned release if the offeror undertook each protective measure, but the State disagrees that the marked information is protected. If there is such a disagreement, then before releasing the Record, the State will, to the extent permitted by Law and practicable, notify the offeror that it will disclose the information unless the offeror convinces the State not to or obtains an order prohibiting disclosure.

SEC. 6.11 ASSIGNMENT

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer. Proposals that are conditioned upon the State's approval of an assignment will be rejected as non-responsive.

SEC. 6.12 SEVERABILITY

If any provision of the contract or agreement is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and, the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 6.13 SUPPLEMENTAL TERMS AND CONDITIONS

Proposals must comply with Section 6.08 Right of Rejection. However, if the State fails to identify or detect supplemental terms or conditions that conflict with those contained in this RFP or that diminish the State's rights under any contract resulting from the RFP, the term(s) or condition(s) will be considered null and void. After the award of the contract:

If conflict arises between a supplemental term or condition included in the proposal and a term or condition of the RFP, the term or condition of the RFP will prevail; and

If the State's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

SEC. 6.14 SOLICITATION ADVERTISING

Public notice has been provided in accordance with 2 AAC 12.220.

SEC. 6.15 SITE INSPECTION

The State may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the State with reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the State's expense will make site inspection.

SEC. 6.16 CLARIFICATION OF OFFERS

Prior to the contract negotiation period detailed in RFP Section 5.13, to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC)

are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of clarification under this section.

SEC. 6.17 DISCUSSIONS WITH OFFERORS

Prior to the contract negotiation period detailed in RFP Section 5.13, the State may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the RFP and proposal. Discussions will be limited to specific sections of the RFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions, they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 6.18 FEDERALLY IMPOSED TARIFFS

Changes in price (increase or decrease) resulting directly from a new or updated federal tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

1. **Notification of Changes:** The contractor must promptly notify the procurement officer in writing of any new, increased, or decreased federal tariff, excise tax, or duty that may result in either an increase or decrease in the contract price and will take appropriate action as directed by the procurement officer.
2. **After-imposed or Increased Taxes and Duties:** Any federal tariff, excise tax, or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a. The tariff, tax, or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b. The contractor warrants, in writing, that no amount of the newly imposed federal tariff, excise tax, or duty or rate increase was included in the contract price, as a contingency or otherwise.
3. **After-relieved or Decreased Taxes and Duties:** The contract price will be decreased by the amount of any decrease in federal tariff, excise tax, or duty for goods or services under the contract, except social security or other employment [taxes](#), that the contractor is required to pay or bear, or does not obtain a refund of, through the contractor's fault, negligence, or failure to follow instructions of the procurement officer.

4. **State's Ability to Make Changes:** The State reserves the right to request verification of federal tariff, excise tax, or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
5. **Price Change Threshold:** No adjustment will be made to the contract price under this clause unless the amount of the adjustment exceeds \$250.

SEC. 6.19 PROTEST

AS 36.30.560 provides that an interested party may protest the content of the RFP.

An interested party is defined in 2 AAC 12.990(a) (7) as "an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly by the issuance of a contract solicitation, the award of a contract, or the failure to award a contract."

If an interested party wishes to protest the content of a solicitation, the protest must be received, in writing, by the procurement officer at least ten days prior to the deadline for receipt of proposals.

AS 36.30.560 also provides that an interested party may protest the award of a contract or the proposed award of a contract.

If an offeror wishes to protest the award of a contract or the proposed award of a contract, the protest must be received, in writing, by the procurement officer within ten days after the date the Notice of Intent to Award the contract is issued.

A protester must have submitted a proposal in order to have sufficient standing to protest the proposed award of a contract. Protests must include the following information:

1. The name, address, and telephone number of the protester;
2. The signature of the protester or the protester's representative;
3. Identification of the contracting agency and the solicitation or contract at issue;
4. A detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and the form of relief requested.

The procurement officer will issue a written response to the protest. The response will set out the procurement officer's decision and contain the basis of the decision within the statutory time limit in AS 36.30.580. A copy of the decision will be furnished to the protester by certified mail, fax or another method that provides evidence of receipt.

All offerors will be notified of any protest. The review of protests, decisions of the procurement officer, appeals, and hearings, will be conducted in accordance with the State Procurement Code (AS 36.30), Article 8 "Legal and Contractual Remedies."
