THIS IS NOT AN ORDER

DATE AMENDMENT ISSUED: 9-29-2026

ITB TITLE: Adak Water Pumps

ITB OPENING DATE AND TIME: September 30, 2026 @2:00PM AKST

The purpose of Amendment 4 is to answer vendor questions:

Question: If an equipment supplier submits a bid directly to DOT for this bid, is that supplier of the equipment considered a contractor?

Answer: If an equipment supplier submits a bid directly to DOT, they are considered a contractor for the purposes of that procurement

Question: Does the workers compensation insurance and commercial general liability insurance requirement apply to all employees at a company that is supplying equipment for this bid? If not who would it be required for?

Answer: All employees of the supplier (workers' comp)
The supplier's organization as a whole (general liability)

Question: Does the commercial automobile liability insurance apply to any shipping services used to move the pump from the factory to Adak?

Answer: Commercial general liability insurance is mandated for licensed contractors—and since suppliers are effectively contractors in bidding, they must maintain at least the minimum coverage

Question: Do Davis-Bacon requirements apply to a company that is supplying equipment for this bid?

Answer: Davis-Bacon does not apply unless the procurement includes installation or construction.

For your bid to be considered responsive this amendment, in addition to your original bid, must be received by the issuing office of the Division of Program Management & Administrative Services prior to the time set for the bid opening.
