Project Title: Sháchk Kináa Deiyí Trail Extension - Design and Permitting Phase

Organization Name: City and Borough of Wrangell

Date Public Notice Posted: September 29, 2026

Brief Description of Proposed Project:

The City and Borough of Wrangell (CBW) recently completed a trail extension of the existing Mt Dewey (historical) Trail to Airport Loop Road. This non-motorized trail extension included Phase I of the Sháchk Kináa Deiyí Trail, which is a planned route from Bennett Street to Evergreen Avenue, at a location in front of the access road to Petroglyph Beach State Park. Under our Sháchk Kináa Deiyí Trail Extension project, it is proposed to develop the second section of this trail, approximately 0.7 mile in length, which further connects the Mt. Dewey Trail Extension to Evergreen Avenue, for the purpose of leading pedestrians from downtown, through Mt. Dewey, to the Sháchk Kináa Deiyí Trail, eventually reaching the Petroglyph Beach State Park and/or the Elementary School on Bennett Street.

The proposed work of this Design and Permitting Phase will result in a fully detailed engineering design, complete with drawings, specifications, and environmental permitting. The future trail development through this proposed project will provide enhancements to pedestrian connectivity and accessibility, Resident's quality of life, the visitor experience, economic and community development, and the promotion of recreational opportunities within the region.
