RE: **Project Name:** 49000 Armory-ARMAG Weapons Cleaning Foundation Project
Project Number: 02A8026013
Project Location: JBER, Alaska

Addendum # Three
(3)

This addendum forms a part of the contract documents and modifies the original drawings and/or specifications for the subject work. In case of conflicts between this addendum and previously issued documents, this addendum shall take precedence.

The following administrative changes have been made to this ITB:

1. This Addendum is being issued to answer any questions asked.

The following Questions and Answers for this project:

1. Q. I do not see anything in the RFP regarding the specific grounding requirements for these ARMAG buildings and their foundations. Can the State please clarify.
   A. The grounding requirements for the ARMAG Weapons Cleaning units must strictly comply with all applicable Department of Defense (DoD) regulations, National Electrical Codes (NEC), and Unified Facilities Criteria (UFC).
2. Q. Can you please confirm bid submission may be submitted via electronically to your email?
   A. Yes. Electronic bid submission by email (pdf.) is accepted. Bids must be submitted to Jonathan.comfort@alaska.gov and mvafmocontracts@alaska.gov, and the subject line must contain the Project Title and Project Number. There is a 20megabyte file size limit. A consolidated copy is preferred. No other additional hard-copy requirements. Please ensure bids are submitted in a timely manner prior to the deadline to account for internet/system outages.

Please contact me if you have any questions.
Sincerely
Jonathan Comfort
