Mike Dunleavy
Governor

Randy Bates
Commissioner

Chapter 50. Air Quality Control.

The introductory language of 18 AAC 50.030(a) is amended to read:

(a) Volumes II and III of the *State Air Quality Control Plan* for implementing and enforcing the provisions of AS 46.14 and this chapter, revised as of {adoption date of the regulations} [NOVEMBER 21, 2025], are adopted by reference. The plan includes the following documents that are also adopted by reference:

...

18 AAC 50.030(a)(4) is amended to read:

(4) the department's *Quality Assurance Project Plan for the State of Alaska Air Monitoring & Quality Assurance Program*, as amended through July 26, 2023 [APRIL 20, 2018];

(Eff. 1/18/97, Register 141; am 6/21/98, Register 146; am 9/4/98, Register 147; am 1/1/2000, Register 152; am 12/30/2000, Register 156; am 9/21/2001, Register 159; am 1/27/2002, Register 161; am 3/27/2002, Register 161; am 5/3/2002, Register 162; am 2/20/2004, Register 169; am 6/24/2004, Register 170; am 10/1/2004, Register 171; am 12/14/2006, Register 180; am 12/30/2007, Register 184; am 5/17/2008, Register 186; am 7/25/2008, Register 187; am 11/9/2008, Register 188; am 5/6/2009, Register 190; am 11/4/2009, Register 192; am 4/1/2010, Register 193; am 10/29/2010, Register 196; am 4/13/2011, Register 198; am 9/17/2011, Register 199; am 8/1/2012, Register 203; am 5/8/2013, Register 206; am 2/5/2015, Register 213; am 4/17/2015, Register 214; am 3/2/2016, Register 217; am 11/26/2016, Register 220; am 12/29/2016, Register 220; am 1/12/2018, Register 225; am 9/15/2018, Register 227; am 1/8/2020, Register 233; am 11/7/2020, Register 236; add'l am 11/7/2020, Register 236; am

12/25/2020, Register 236; am 4/16/2022, Register 242; am 8/21/2022, Register 243; am 9/7/2022, Register 243; add'l am 9/7/2022, Register 243; am 12/8/2024, Register 252; am 12/14/2024, Register 252; am 12/25/2025, Register 256; am ____/____/_____, Register ____; add'l am ____/____/_____, Register _____)

Authority: AS 46.03.020 AS 46.14.030 Sec. 30, ch. 74, SLA 1993
AS 46.14.020 AS 46.14.140

The introductory language of 18 AAC 50.040(a) is amended to read:

(a) The following provisions of 40 C.F.R. Part 60 (Standards of Performance for New Stationary Sources), revised as of **July 1, 2026** [MARCH 23, 2021], are adopted by reference as they apply to a Title V source:

...

18 AAC 50.040(a)(2)(M) is amended to read:

(M) Subpart Kb (Standards of Performance for Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels) for Which Construction, Reconstruction, or Modification Commenced After July 23, 1984, **and On or Before October 4, 2023**);

18 AAC 50.040(a)(2)(N) is amended to read:

(N) Subpart L (Standards of Performance for Secondary Lead Smelters **for Which Construction, Reconstruction, or Modification Commenced After June 11, 1973, and On or Before December 1, 2022**);

18 AAC 50.040(a)(2)(II) is amended to read:

(II) Subpart WWW (Standards of Performance for Municipal Solid Waste Landfills **That Commenced Construction, Reconstruction, or Modification on or After May 30, 1991, but Before July 18, 2014**);

18 AAC 50.040(a)(2)(KK) is repealed:

(KK) repealed ____/____/____; [THE PROVISIONS OF SUBPART AAA (STANDARDS OF PERFORMANCE FOR NEW RESIDENTIAL WOOD HEATERS), EXCEPT THAT THE OPERATOR OF A WOOD STOVE MAY DEMONSTRATE COMPLIANCE WITH 40 C.F.R. 60.532 BY OPERATING THE WOOD STOVE IN ACCORDANCE WITH THE PERMANENT LABEL REQUIRED BY 40 C.F.R. 60.536;]

18 AAC 50.040(a)(2)(WW) is amended to read:

(WW) Subpart OOOO (Standards of Performance for Crude Oil and Natural Gas **Facilities for Which Construction, Modification, or Reconstruction Commenced After August 23, 2011, and On or Before September 18, 2015** [PRODUCTION, TRANSMISSION AND DISTRIBUTION]);

18 AAC 50.040(a)(2)(XX) is amended to read:

(XX) Subpart TTTT (Standards of Performance for Greenhouse Gas Emissions for Electric Generating Units **That Commences Construction after January 8, 2014 or Commences Modification or Reconstruction After June 18, 2014**);

18 AAC 50.040(a)(2)(YY) is amended to read:

(YY) Subpart **UUUUa** [UUUU] (Emission Guidelines for Greenhouse Gas Emissions **From Existing** [AND COMPLIANCE TIMES FOR] Electric Utility Generating Units **That Commenced Construction On or Before January 8, 2014**);

18 AAC 50.040(a)(2) is amended by adding new subparagraphs to read:

(AAA) Subpart Kc (Standards of Performance for Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels) for Which Construction, Reconstruction, or Modification Commenced After October 4, 2023);

(BBB) Subpart La (Standards of Performance for Secondary Lead Smelters for Which Construction, Reconstruction, or Modification Commenced After December 1, 2022);

(CCC) Subpart XXX (Standards of Performance for Municipal Solid Waste Landfills That Commenced Construction, Reconstruction, or Modification After July 17, 2014);

(DDD) Subpart KKKKa (Standards of Performance for Stationary Combustion Turbines);

(EEE) Subpart OOOOb (Standards of Performance for Crude Oil and Natural Gas Facilities for Which Construction, Modification or Reconstruction Commenced After December 6, 2022);

(FFF) Subpart TTTTa (Standards of Performance for Greenhouse Gas Emissions for Modified Coal-Fired Steam Electric Generating Units and New Construction and Reconstruction Stationary Combustion Turbine Electric Generating

Units);

18 AAC 50.040(a)(3) is amended to read:

(3) the **provisions** [PROVISIONS] of Appendices **A - I** [A-I].

The introductory language of 18 AAC 50.040(b) is amended to read:

(b) The following provisions of 40 C.F.R. Part 61 (National Emission Standards for Hazardous Air Pollutants), revised as of **July 1, 2026** [OCTOBER 7, 2020], are adopted by reference as they apply to a Title V source:

...

The introductory language of 18 AAC 50.040(c) is amended to read:

(c) The following provisions of 40 C.F.R. Part 63 (National Emission Standards for Hazardous Air Pollutants), revised as of **July 1, 2026** [MARCH 11, 2021], are adopted by reference as they apply to a Title V source:

...

18 AAC 50.040(d) is amended to read:

(d) The provisions of 40 C.F.R. Part 82, revised as of **July 1, 2026** [JULY 1, 2019], are adopted by reference to the extent that they apply to a Title V source.

18 AAC 50.040(e) is amended to read:

(e) The requirements of 40 C.F.R. 52.70 - 40 C.F.R. 52.98, revised as of **July 1, 2026**

[JULY 1, 2019], as they apply to a Title V source and for purposes of a Title V permit, are adopted by reference.

18 AAC 50.040(f) is amended to read:

(f) The provisions of 40 C.F.R. Part 51, Appendix W (Guideline on Air Quality Models), revised as of **July 1, 2026** [JULY 1, 2019], are adopted by reference.

The introductory language of 18 AAC 50.040(g) is amended to read:

(g) The following provisions of 40 C.F.R. Part 62 (Approval and Promulgation of State Plans for Designated Facilities and Pollutants), revised as of **July 1, 2026** [JULY 21, 2021], are adopted by reference as they apply to a Title V source:

...

18 AAC 50.040(g) is amended by adding new paragraphs to read:

(7) Subpart IIIa (Federal Plan Requirements for Commercial and Industrial Solid Waste Incineration Units That Commenced Construction On or Before June 4, 2010, and Have Not Been Modified or Reconstructed Since August 7, 2013);

(8) Subpart LLL (Federal Plan Requirements for Sewage Sludge Incineration Units Constructed on or Before October 14, 2010).

The introductory language of 18 AAC 50.040(h) is amended to read:

(h) The following provisions of 40 C.F.R. 51.166 (Prevention of Significant Deterioration of Air Quality) and 40 C.F.R. Part 52 (Approval and Promulgation of Implementation Plans),

revised as of **July 1, 2026** [NOVEMBER 24, 2020], are adopted by reference:

...

The introductory language of 18 AAC 50.040(i) is amended to read:

(i) From the following provisions of 40 C.F.R. 51.165 (Permit Requirements), revised as of **July 1, 2026** [NOVEMBER 24, 2020], text setting out provisions that a state implementation plan shall or may contain is adopted by reference as follows:

...

The introductory language of 18 AAC 50.040(j) is amended to read:

(j) The following provisions of 40 C.F.R. Part 71 (Operating Permits), revised as of **July 1, 2026** [AUGUST 21, 2020], are adopted by reference as they apply to a Title V source, except as provided in 18 AAC 50.326:

...

18 AAC 50.040(k) is amended to read:

(k) The provisions of 40 C.F.R. Part 64, revised as of **July 1, 2026** [JULY 1, 2019], are adopted by reference to the extent that they apply to a Title V source. (Eff. 1/18/97, Register 141; am 6/14/98, Register 146; am 6/21/98, Register 146; am 7/2/2000, Register 154; am 6/1/2002, Register 162; am 8/15/2002, Register 163; am 10/1/2004, Register 171; am 12/3/2005, Register 176; am 7/25/2008, Register 187; am 12/9/2010, Register 196; am 9/14/2012, Register 203; am 1/4/2013, Register 205; am 10/6/2013, Register 208; am 11/9/2014, Register 212; am

AS 46.14.010

((Publisher: At the end of 18 AAC 50.040(g)(6), please change the period to a semicolon.)))

18 AAC 50.050(a) is amended to read:

18 AAC 50.050. Incinerator emission standards. (a) Visible emissions, excluding condensed water vapor, from [VISIBILITY THROUGH THE EXHAUST EFFLUENT OF] an incinerator, including an air curtain incinerator, may not **reduce visibility through the exhaust effluent** [BE REDUCED BY VISIBLE EMISSIONS, EXCLUDING CONDENSED WATER VAPOR,] by more than 20 percent averaged over any six consecutive minutes.

(Eff. 1/18/97, Register 141; am 5/3/2002, Register 162; am 7/25/2008, Register 187; am ____/____/_____, Register _____)

AS 46.14.010 AS 46.14.030

The introductory language of 18 AAC 50.085(a) is amended to read:

(a) The owner, operator, or permittee of a volatile liquid storage tank located in the **Don Young** Port of Alaska that has a volume of 9,000 barrels (378,000 gallons) or more shall reduce organic vapors emitted to the atmosphere by using

...

18 AAC 50.085(c) is amended to read:

(c) The owner, operator, or permittee of a volatile liquid storage tank that is located in the **Don Young** Port of Alaska, that has a volume equal to or greater than 952 barrels (40,000 gallons) but less than 9,000 barrels (378,000 gallons), and that is not equipped with a control device described in (a)(1) - (4) of this section, shall, no later than the first time on or after June 1, 1995 [,] that the tank is emptied and degassed, reduce organic vapors emitted to the atmosphere by installing conservation vents on the tank as specified in the document referred to in (a)(3) of this section.

(Eff. 1/18/97, Register 141; am 11/7/2020, Register 236; am ____/____/_____, Register _____)

18 AAC 50.225(d)(1) is repealed and readopted to read:

(1) the department will

(A) publish a public notice by

(i) posting the notice on the Alaska Online Public Notice System established under AS 44.62.175;

(ii) sending a copy of the notice by postal mail or electronic mail to persons on a list maintained by the department, including any person who requests to be notified; if a person requests to be sent notice by postal mail instead of electronic mail, the department will send the notice by postal mail; and

(iii) distributing the notice by other means the department finds necessary for informing the public; and

(B) include in the notice

(i) the name and address of the applicant and the location or proposed location of the stationary source;

(ii) a summary describing the proposed limit, including reference to the requirement that the limit avoids; and

(iii) a statement that the department will accept public comment on

the proposed limit for 30 days after first publishing notice;

18 AAC 50 is amended by adding a new section to article 5 to read:

18 AAC 50.565. Construction flexibility. (a) An applicant may begin construction of physical portions of a new stationary source or modifications to an existing stationary source before obtaining an air quality permit issued by the department if

(1) a complete application for the applicable air quality permit has been submitted to the department for the project;

(2) a notice of commencing temporary construction activities has been electronically submitted to the department 30 days before the actual start date of construction with the actual start date listed;

(3) the planned new stationary source or modification to an existing stationary source is not subject to 18 AAC 50.225, 18 AAC 50.230, 18 AAC 50.302, 18 AAC 50.311, 18 AAC 50.316, or any other classification that is not federally enforceable; and

(4) the notice of commencing construction contains a statement signed by the responsible official with

(A) acceptance and acknowledgement of all liability for construction that may later not be approvable under the issued permit;

(B) acceptance and acknowledgement that an emissions unit may not be commissioned or started for any reason until the final permit for that emissions unit is issued; and

(C) a waiver of any liability to the state.

(b) Temporary construction activities are not allowed before the procedures under (a) of this section are completed.

(c) Following receipt of a written notification from the department, the applicant shall cease construction if the department determines at any time that construction, reconstruction, or modification of the source would interfere with the attainment or maintenance of the national ambient air quality standards under the procedures in 18 AAC 50.201 or would result in a violation of a control strategy adopted in the state air quality plan in 18 AAC 50.030.

(d) The applicant shall make any changes or modifications to the stationary source if required under the final air quality permit issued by the department.

(e) In an area designated nonattainment in 18 AAC 50.015(b), the provisions of this section do not apply to sources that emit the nonattainment air pollutant or its precursor pollutants. (Eff. ____/____/_____, Register _____)
