5. EXECUTIVE DIRECTOR UPDATE

ED Stocker noted that Council attendance was smaller than usual. He reported several Council members resigning from the Council, including Chief Ross, Dan Carothers, and Veronica Lamberston, have created vacancies for two chief positions as well as a public member seat. At this time, it is unknown whether new appointments will be made before the next administrative transition in government.

ED Stocker explained that the fiscal year budget increased due to a healthy carryover, and that MTHAAR funds were substantially utilized. He also shared that ten hours of on-demand training have been licensed and are available through the Acadis Portal. Because this may be the final year of MTHAAR funding, efforts are underway to pursue a federal grant to continue support.

He noted that MOI activities have been progressing well and introduced DOC Officer Francois as a new member of the group. ED Stocker commented on the increased workload reflected in recent activity and suggested that moving to quarterly meetings may be beneficial. He concluded by stating that a significant training initiative is planned for the coming months, and the team is working to support that effort.
