Questions submitted by potential bidders and answers from the state:

Question 1: Why did it change from a site visit to a mandatory site visit?

Answer: The site visit was changed to a mandatory site visit to ensure all offerors receive the same information and have an equal understanding of the facility layout, access points, and on-site conditions that are essential to preparing accurate janitorial service bid. Because the scope of work depends heavily on the actual condition and configuration of the spaces to be serviced, a mandatory visit helps ensure fairness and consistency by giving all bidders the same firsthand awareness of the environment.
