Question 1: Does the State require a standalone warehouse building, or would you consider a dedicated, secured warehouse bay within a larger facility occupied by other tenants?

Answer: The State will consider co-located warehouse space as long as the space provided is secure and the State approves all who have access to it. The space must still meet the requirements set forth in the RFP.

Change 1: Extend the deadline for proposals to 4:30pm Alaska Standard Time on November 16, 2026.
