THIS IS NOT AN ORDER **DATE AMENDMENT ISSUED: 11/3/2026**

ITB TITLE: 2526H098 AMHS Lubricating Oils

ITB OPENING DATE AND TIME: November 11, 2026 @ 2:00PM AKST

This amendment serves to answer the following questions and extend the ITB:

This ITB has been extended till November 11, 2026, at 2:00PM Alaska Standard Time.

Question: A firm fixed price contract for one year is not feasible in today's markets. We would suggest that if there are any increases or decreases from the supplier, we send you a letter from the manufacture stating what the increase or decrease may be. And then follow up with an updated price sheet reflecting the changes.

Answer: Section 2.07 of the Invitation to Bid (ITB) already includes provisions for price adjustments based on the Producer Price Index (PPI). This is the contract price adjustment method selected for this solicitation.

Question: SEC 4.11 refers to bidding on all items but does not reference the locations. The question was to ask if all locations need to be bid. For example, we know that in certain locations there is only one distributor. This would make serving the contract difficult for a company or companies that do not operate in the geographic area, especially in Alaska. Will this be awarded by location?

Answer: Section 4.11 does state "To be considered responsive, bidders must bid on all items and locations."
This contract will not be awarded by location; the bidder must bid on all items and locations.

For your bid to be considered responsive this amendment, in addition to your original bid, must be received by the issuing office of the Division of Program Management & Administrative Services prior to the time set for the bid opening.
