Review Proposals

Prop 115 is in ERROR - NO change to Resident Now-
Resident Horn requirement but Aligned dates
According to Don Young.

101 Discussion on taking injured moose & public
safety situation. There would be a registration/~~draw~~
Draw. Weapon would be determined by established
area. Don Young said this is how he sees
it working

104 + 105 Brown Bear 104 was Carried
Black Bear Bait can take grizz.

2

Antlerless Moose R.D.F.

Don Young Discussed Criteria

Biology - weights heavily on recommendations
Asks what criteria Do we think should be considered,

weather - 3 to 5 Foot AVG

Social issues

Tag specific Harvest Areas (Don recommends Prop)
Access

Hunter Density

Discussion on unit 13 Caribou Drawing Permit
and season closure, before Draw Permits get to
hunt.

SB 160 & HB 158 are pretty much the
same Bill.

Robert K. disagrees with power to DNR
Commissioner. Also no liking for Non-
resident participation in Guide Concessions
DNR would select who hunts where.

Ivan H said that this was suppose
to give Guides who hunt areas priority

But this is not what the Bills says

Don Young said Dept was involved in how
The units would be broke up and a list
of criteria on how to rank The Guides

3

To reduce the numbers of Guides.

This has some possible tie TO Interstate commerce Rugs.

Ivan H. talked about Transporters and The issue They pose.

Robert^{K.} Made a motion to write a letter in opposition of SB140 & HB158 because of lack of Resident preference. Second By Mayron S.

Letter will be drafted by Robert & in draft form for next meeting which will be in October.

Robert motion TO Adj
Leroy Second
