VESSEL REGISTRATION

The following applies to all powered and non-powered vessels being used to conduct sport fishing guided activities:

- Must be currently licensed with the Alaska Division of Motor Vehicles (DMV) and hold a current AK Registration number or hold a current U.S. Coast Guard (USCG) Vessel Documentation number.
- Must be registered with the Alaska Department of Fish and Game (ADF&G) and display an ADF&G vessel decal with the current year tag.
- Vessels borrowed or purchased in-season must adhere to the above criteria and display ADF&G sport fish guide vessel decals.

Upon registration, each vessel is issued two charter vessel decals and current year tabs.

See page iii for instructions on vessels that are added midseason.

VESSEL DECALS/YEAR TABS

One set of ADF&G decals will be issued per registered vessel. Decals must be displayed and visible on each side of the vessel. Decals do not have to be applied directly to the hull of the vessel. Decals can be adhered to wood, fiberglass or plexiglas® which in turn is secured to each side of the vessel. Decals can be transferred from one vessel to another, as long as the receiving vessel has a current AK registration number from DMV or a USCG documentation number and has been registered with ADF&G. Decals are designed to withstand several years of use. Annual tabs will be issued as vessels are registered. Annual year tabs are to be adhered directly to the decal in the designated area.

RESPONSIBILITY OF BUSINESS OWNER & GUIDE

It is the responsibility of the guide to ensure that daily trip activity is accurately recorded as described on page v - vii.

It is the responsibility of the ADF&G registered business owner to ensure that all data for fishing activities from January 1, 2015 through December 31, 2015 is submitted to ADF&G according to the schedule on the inside of the front cover.

WHAT A GUIDE MUST HAVE IN POSSESSION WHILE GUIDING

While engaged in providing sport fish guide services, a sport fishing guide shall have the following readily available for inspection upon request of a representative of the Department or a peace officer of the state:

- a current ADF&G sport fishing guide registration;
- a copy of the current ADF&G sport fishing business owner's registration of the guide's employer;
- a current Alaska sport fishing license, tags, stamps or permits that are required to engage in the sport fishery for which guide services are being provided;
- an identification card issued to the sport fishing guide by a state or federal agency that bears a photo of the sport fishing guide (e.g. driver's license);

There may be additional requirements by other state and federal agencies (e.g. USCG). It is your responsibility to determine what those requirements are.

Logbook Instructions (Cont'd)

WHEN TO COMPLETE A LOGBOOK

Logbook pages must be completed at the end of each day of fishing or at the end of each trip within a day as described below through the last trip of the season.

The guide that leads the trip is required to complete logbook pages per the schedule described below.

VESSEL USED

Returning to a lodge, camp, dock or mooring location:

Complete the logbook before offloading any fish from the vessel. If no fish were kept, complete the logbook before offloading any clients.

Returning to a boat ramp, launching site, or other client drop off location:

Complete the logbook before the vessel or guide departs the launching/landing site AND before offloading any fish from the vessel.

If no fish were kept, complete the logbook before the guide departs the launch/landing site.

NO VESSEL USED

Aircraft, highway vehicles, walk-in, ATVs, etc.

Complete the logbook before the guide leaves the fishing site. Fishing site is defined as the location where the fishing activity took place. Refer to the list of unique freshwater site codes provided with the logbook.

MULTIPLE TRIPS PER DAY

Each trip of multiple trips in a day should be logged on a separate logbook page. Complete the logbook at the end of each trip, as described above.

MULTIPLE DAY TRIPS

Complete the logbook at day's end for each day of the trip. Use a separate logbook page for each day of the trip.

MULTIPLE SITES FISHED

If multiple sites were fished on the same day, write down each site fished prior to leaving that fishing site per the instructions above. Each site would have the same date and would require a new logbook page. This includes those river systems containing multiple and unique site code numbers.

RETURN THE LOGBOOK PAGES WEEKLY

Fishing activity that occurs prior to April 6, 2015 is due to ADF&G by April 13, 2015; all activity, thereafter, must be received by ADF&G offices EVERY WEEK as detailed in the schedule provided on the inside of the front cover of this book.

For fishing activity that occurs in the early winter of 2016, please call the local ADF&G office for logbook instructions if the 2016 logbooks are not yet available.

All 2015 logbook data must be received by January 15, 2016.

PINK COPIES OF THE LOGBOOK PAGES ARE TO
REMAIN IN THE LOGBOOK.

2015 Freshwater Sport Fish Logbook Instructions (Cont'd)

LOGBOOK ASSIGNMENTS/TRANSFERS

Logbooks are issued to individual registered businesses. Due to the variety of ways that freshwater businesses conduct operations, the number of logbooks issued to a unique business will vary.

The business owner or their representative must determine how many logbooks that business will be required to have in order to comply with the recording requirements outlined in the instructions. For example, an operation that conducts business from a lodge with 6 guides may need more logbooks than a single business owner/guide with one vessel that is trailered.

A logbook is assigned by ADF&G to the business; the business owner can distribute individual logbooks to a vessel or to a guide. It is up to the discretion of the business owner to distribute logbooks to employed guides in any manner that facilitates the timely recording of trip information as described previously in the instructions.

Remember: it is the responsibility of the guide to complete daily trip activity in the logbook. It is the responsibility of the business owner to ensure that all data is submitted to ADF&G in a timely manner.

2015 FRESHWATER SPORT FISH GUIDE

How to Fill Out the Logbook

ADF&G Sport Fish Guide Registration Number - The current guide registration number issued by ADF&G to the guide for a specific year. Only one guide registration number should appear on each logbook page.

Date Fished - The date for each trip taken. If multiple trips to multiple different fishing sites were taken on the same day, that date and unique trip information would appear on as many logbook pages as there were unique trips. Although the date would be the same, client information and trip specifics may differ. If there were more than six clients, continue on a separate logbook page with the trip information and individual angler license information carried over to the new page.

River/Stream/Lake (Specify) - The name of the site where fishing activity occurred.

Site Code - Refer to the site code list provided with the logbook for the site code associated with the river, stream or lake where fishing activity occurred. Write the site code down as it appears on this list. If no site code exists for your fishing site, use the code for Other Streams or Other Lakes.

Page Number - On each logbook page, record the page no. if multiple pages were necessary to fit in all the client information. Note the total no. of pages used for the trip.

Other Species Write-In - On the line denoted with an *, write in the name of the "other" species kept or released. Use the last blank column on the right to record this "other" species of fish as long as it does not already have an existing column. If more than one "other" species is kept or released, use an existing column, cross out the existing species of fish not present at this fishing site and write in the name of that second species.

Once a species has been written in, that column becomes dedicated to that species for the remainder of that logbook page.

Examples of Other Species: pink (or humpy) salmon, chum (or dog) salmon, burbot, and whitefish.

2015 Freshwater Sport Fish How to Fill Out the Logbook (cont'd)

Residency - In the columns to the left of each sport fish license number, circle:

- R for Resident or N for Nonresident.

Sport Fish License Number - Record the current Alaska Sport Fishing License number, resident PID (permanent license number) or DAV (disabled AK veteran license number) of each client, comped angler, and crew that fished. A "comped" angler is an angler who is not paying for this charter; it can include family, friends or other acquaintances.

Record anglers under 16 years of age as "Youth angler 1 (YA1), Youth angler 2 (YA2)" etc., uniquely identifying them as 1, 2 or 3 for as many as fished on each trip.

Record the license number of those clients that actively fished during any part of the trip regardless of whether they caught anything. Use one line per angler, recording the license number and all activity on that line.

Crew Status and "Comped" Anglers should be noted to the right of each angler sport fish license number, if applicable, circle:

- X if angler is "Comped" (nonpaying) or
- C if angler is the guide or a Crew member

RECORDING SALMON AND OTHER SPECIES

Fish Kept & Released - Record the total number of fish kept (K) in the white row and released (R) in the gray row by each angler during that trip. Each angler's license number has a dedicated line assigned on each logbook page. If the same angler goes on more than one trip on the same day, that angler's license number will appear on as many logbook pages as were used.

PROXY FISHING INSTRUCTIONS

If a paying client is also proxy fishing for a beneficiary, that client must have the fishing license of the person for whom he/she is fishing. Write down the license number of the recipient of the fish (beneficiary), followed by a (P) to indicate proxy, e.g. 10123456-P.

Use two lines on the logbook data sheet, one for the angler's license number and one for the beneficiary's license number. Indicate (R) for Resident in the adjacent column; beneficiaries and those fishing for them must be residents of Alaska.

For permanent licenses (residents only), write down the entire license number, including the preceding alpha character, which can be a P, D, T or Z, i.e. Z50148-P.

When To Complete A Logbook Page

A Charter Vessel Fishing Trip is defined as the time period between the first deployment of fishing gear from a vessel providing sport fishing guide services and the offloading of one or more anglers or any harvested fish from the vessel.

A trip that consists of no paying clients, that is, all anglers are “comped”, and the guide is NOT receiving any tips or other compensation, would NOT be considered a chartered trip and a logbook page should not be completed and submitted to the Alaska Dept. of Fish and Game. If a guide is present during a private fishing trip, the guide may be compensated for actual daily expenses for fuel, food, or bait. In this case a logbook page should not be completed or submitted to ADF&G. If the guide receives any other compensation for assisting anglers, such as daily wages, tips, moorage fees, etc. from a registered fishing service or from clients, then a logbook page should be completed and submitted to ADF&G.

Additional information about regulations and definitions related to guide and business registration, guiding, and compensation can be found at: <http://www.adfg.alaska.gov/index.cfm?adfg=prolicense.sportfishguides>

Before a Trip Begins (see definition above), the Guide must Record:

- The 2015 sport fishing license number, permanent identification number (PID) or disabled veteran (DAV) license number for anyone that will fish during any part of the trip, including paying and non-paying (comped) anglers and crew.
- The first and last name of each angler in the space provided below their license number.
- The word “Youth” in the fishing license space along with the first and last name on the name line for all anglers under the age of 16. Multiple youth anglers on a trip should be recorded as Youth 1, Youth 2 etc.

Complete the logbook through the last charter trip of the season in the following manner:

Returning to a Dock:

- Complete and sign the logbook page before offloading any fish from the vessel. If no fish were kept, complete the logbook page before offloading any clients.

No Docking Facilities (e.g. trailered vessels):

- Complete and sign the logbook page before the vessel or guide departs the launch/landing site AND before offloading any fish from the vessel.
- If no fish were kept, complete the logbook page before the vessel or guide departs the launch/landing site.

No Vessel Used (aircraft, highway vehicles, walk-in, ATVs, etc.):

- Complete and sign the logbook page before the guide leaves the fishing site. Fishing site is defined as the location where fishing activity took place.

Multiple Trips per Day:

Use a separate logbook page for each trip if multiple trips were taken during the same day. Complete the logbook page at the end of each trip as described above.

Multiple Day Trips:

Complete a logbook page at the end of each day on which sport fishing guide services were provided. Use a separate logbook page for each day of the trip. Record the port or community of offloading at the end of the multiple-day trip, not the port or location where the vessel anchored or moored each night.

For example, for a five-day trip with only three days of guided fishing, three logbook pages should be submitted, all with different dates fished but with the same port of offloading.

Return The Logbook Pages Weekly

Fishing activity that occurs prior to April 6, 2015 is due to ADF&G by April 13, 2015; all activity thereafter must be received by ADF&G EVERY WEEK as detailed in the schedule provided on the inside of the front cover of this book. Logbook pages can be submitted to any regional or area ADF&G office or mailed to the address printed on the back of each logbook page.

Responsibility Of Business Owner & Guide

It is the responsibility of the business owner (registered owner of the sport fish business) to ensure that all data for fishing activities from January 1, 2015 through December 31, 2015 is submitted to ADF&G in the manner previously described and within the time frames outlined on the schedule printed on the inside front cover.

It is the responsibility of the guide to ensure that daily trip activity is accurately recorded as described in these instructions.

Vessel Registration

All vessels used in sport fishing guide activities must be registered with ADF&G. All vessels must have a current AK registration number issued by the Division of Motor Vehicles (DMV) or a current USCG documentation number prior to registering with ADF&G. If the vessel has an AK number, the AK number must be displayed during guided fishing operations.

Vessel Decal/Year Tags

One set of ADF&G decals will be issued per registered vessel. Decals must be applied and visible on both sides of the vessel. Decals do not have to be applied directly to the hull of the vessel. Decals can be adhered to wood, fiberglass or plexiglas® which in turn is secured to both sides of the vessel. Decals can be transferred from one vessel to another; as long as the receiving vessel has a current AK registration number from DMV or a current USCG documentation number and has been registered with ADF&G. Annual stickers or tags will be issued as vessels are registered and must be adhered directly to the decal in the designated area. Lost decals and tags can be replaced free of charge at any ADF&G office.

Transferring A Logbook

A logbook is issued to a specific business for a specific vessel. All active vessels must be registered and issued a current year logbook from an ADF&G office. Logbooks may not be transferred between businesses. Only the business the logbook is issued to may use the logbook.

If a vessel belonging to a registered sport fish business is borrowed by another business, the borrowing business must be currently registered and must acquire their own logbook.

If a business substitutes a different vessel for the primary vessel during any part of the season, the original logbook can be used on the substitute vessel for up to seven (7) consecutive days. A temporary vessel used for more than seven (7) consecutive days must be issued a new logbook. ADF&G must be notified (see contact information on page v) with the substitute vessel registration information.

All vessels engaged in fishing with clients on board must be registered and display the vessel decals.

What A Guide Must Have In Possession While Guiding

While providing sport fishing guide services, a sport fishing guide shall have the following readily available for inspection by request of a representative of the Department of Fish & Game, a peace officer of the state, or law enforcement representative of the National Marine Fisheries Service:

- a current sport fishing guide registration issued by ADF&G;
- copy of the current ADF&G sport fishing owner's business registration of the guide's employer;
- a current Alaska sport fishing license, tags, stamps or permits that are required to engage in the sport fishery for which guide services are being provided;
- an identification card issued to the sport fishing guide by a state or federal agency that bears a photo of the sport fishing guide. The identification card MUST match the name on the guide registration.
- per federal regulation a Saltwater Charter Logbook if halibut are being harvested;

Other agencies such as the USCG or National Marine Fisheries Service may have additional requirements.

It is your responsibility to determine what those requirements are.

INSTRUCTIONS FOR COMPLETING 2015 SALTWATER LOGBOOK PAGES

Trip Information	
Date	Record the month and day for each trip taken. If two or more trips were taken on the same day, that date will appear on all pages for that day.
Hour Trip Ended	Record the hour the trip ended with the offloading of clients and fish. Round to the nearest hour only: trips ending at or after 5:00 pm but before 5:31pm would be logged as 5 pm and trips ending from 5:31pm to 6:00 pm would be logged as 6 pm. Do not indicate minutes. Fill in the circle for AM or PM. For multi-day trips record the hour that fishing ended on <u>each</u> day.
Guide Registration Number	The 2015 guide registration number issued by ADF&G to the guide that led the fishing trip.
Charter Halibut Permit (CHP) Number and multiple Permits	Record the Charter Halibut Permit (CHP) number used for the trip on the logbook page in the space provided. Write the entire number as it appears on the permit followed by the alpha character, i.e. 1234A. If more than one CHP is used during a trip, check the box next to the CHP number. Complete a separate page for each CHP used during a trip. Unique trip information for each CHP, along with individual angler and catch information must be recorded for each CHP used. Angler license numbers along with kept and released information should be recorded only ONCE per trip. Record all CHP number(s) and CHP Holder(s) names on the front cover of the logbook.
NOAA Guided Angler Fish (GAF) Requirements	If you have a federal GAF permit in 2015 and are allowing clients to harvest halibut under the authority of your GAF permit, record the GAF permit number used on each logbook page where GAF halibut were harvested. If GAF halibut are kept along with non-GAF halibut, record each in its appropriate box.
Port or Community of Off-Loading	The port or community where clients and/or fish were off-loaded at the conclusion of the trip. On a multi-day trip, indicate the community where clients and fish will be off-loaded when the trip is finished.
Primary Statistical Area Fished	Report the 5 or 6-digit statistical area where most of the fish were caught or targeted. Record the statistical area for salmon and/or bottomfish, depending on whether the gear and fishing methods were effectively targeting salmon, bottomfish, or both. Report only statistical areas from maps provided with the logbook for this purpose.
EXAMPLE 1: Only Salmon Targeted	If salmon were targeted, whether any were caught or not, record the statistical area and boat hours fished on the salmon target species line in the trip information section. If bottomfish were caught while targeting salmon only, record the number of bottomfish kept and released in the appropriate columns in the bottomfish portion of the individual angler and catch information section. The statistical area and hours fished should be recorded in the salmon targeted line in the trip information section.

Trip Information (Continued)	
EXAMPLE 2: Only Bottomfish Targeted (incl. Halibut)	<p>If bottomfish were targeted, whether any were caught or not, record the statistical area and boat hours fished on the bottomfish targeted species line in the trip information section.</p> <p>If salmon were caught while targeting bottomfish only, record the number of salmon kept and released in the appropriate columns in the salmon portion of the individual angler and catch information section. The statistical area and hours fished should be recorded in the bottomfish targeted line in the trip information section.</p>
EXAMPLE 3: Salmon and Bottomfish Targeted	Record the statistical area and maximum number of boat hours spent fishing simultaneously for both salmon AND bottomfish on both the salmon and bottomfish target species lines under Trip Information. For example, if mooching or jigging for 7 hours record 7 hours in the salmon effort row and 7 hours in the bottomfish effort row.
No. of Boat Hours	The number of boat hours for which at least one rod/line was fished. Record only the number of hours spent fishing, DO NOT include the hours spent running to or from fishing areas. Round to the nearest whole hour.
Individual Angler Information	
Sport Fish License No.	Before a guided sport fishing trip begins (see definition on page ii), record the 2015 Alaska Sport Fishing License number, resident PID (permanent identification number) or DAV (disabled veteran license number) of each client, comped angler, and crew member that will be fishing. PID and DAV numbers can begin with a P, D, T or Z. See Youth Angler instructions below.
