New business we discussed and voted on the CSH proposals our votes and comments are below.

proposal III-A

7-0 in favor, the AC was very much in favor of this proposal, allowing better opportunity for CSH hunters to take a Caribou.

proposal II-A

7-0 in favor, Makes good sense, better way to manage the game, better to help alleviate over harvest on the more popular areas.

Proposal II-B

7-0 in favor, with amendments, make concessions for back country campers, and would prefer 48 hour over 24, and definitely feels it is necessary if proposal II-A does not get approved.

Proposal II-C

4-3 In favor, those in favor liked the idea of limited time, those opposed felt it would be an enforcement nightmare.

proposal II-D

0-7 Failed, the AC members felt that this was a bad proposal, and did not like at all.

Proposal II-E

0-7 failed, the AC was very much opposed to this idea, and felt it would be an enforcement nightmare.

Proposal I-A

7-0 passed, liked the idea of eliminating the early portion of the CSH, and felt that it would help prevent meat spoiling from the heat, and poor care in the heat from inexperienced hunters, there was no reason that the moose needed to be hunted in early August.

Proposal I-B

7-0 Passed, the AC felt that the true Subsistence hunter would hunt the hunt over long terms, eliminating the grab and go hunters.

Proposal I-C

7-0 passed, people that participate in the CSH should only do the CSH in unit 13,11, and 12, if they want to sport hunt then they should sport hunt and not the CSH.

## Denali Fish & Game Advisory Committee Meeting Minutes of April 15, 2014

### Proposal I-D

7-0 passed, the AC liked this proposal very much, and is in keeping with the spirit of the CSH.

### Proposal I-E

7-0 passed, This proposal would help to stop random groups, and all groups need a common bond, and from the same geographical area.

### Proposal I-F

1-3-3 failed, the AC felt this was an argumentative proposal, and was a mute point.

### Proposal I-G

0-6-1 failed, the AC felt this was a great idea, but would put undue burden on the department of Fish and Game, and would not be enforceable, needed more info to vote on this.

### Proposal I-H

2-2-3 Deadlock With most of the AC feeling it would be a waste of time, and almost impossible to get accurate info. on everyone.

### Proposal I-J

5-0-2 Passed, this would assure that all groups meet the CSH requirements, there was concern over the time constraints on the board of Game, and whether they would have time to review all applicants.

### Proposal IV-A

0-6-1 Failed, felt this could be a legal problem, and did not want to go back to a drawing system.

### Proposal I-I

The AC did not take action on this proposal.
