THIS IS NOT AN ORDER

DATE AMENDMENT ISSUED: May 1, 2015

RFP TITLE: RFP 2015-1000-3107 Airborne Geophysical Survey of The Tanacross Region
--

RFP CLOSING DATE AND TIME: May 13, 2015, 5:00 p.m. Alaska time. (NOT CHANGED)

The purpose of this amendment is to modify the sections as follows:

Section 7 Evaluation Criteria — REVISED SCORING

Alaska Offeror Preference — 0%

Methodology — 17%

Qualifications and Experience of Firm and Personnel — 39%

Costs — 44%

5.5.8 Flight-Line Tolerance — REVISED TEXT

Flight path lines will be rejected and will be reflight if deviations from planned flight path of more than 75 m persists over a distance of 2,000 m except for rugged areas, where flight path deviations will not exceed 100 m over a distance of 2,000 m. At no point shall deviations from the planned exceed 250 m.

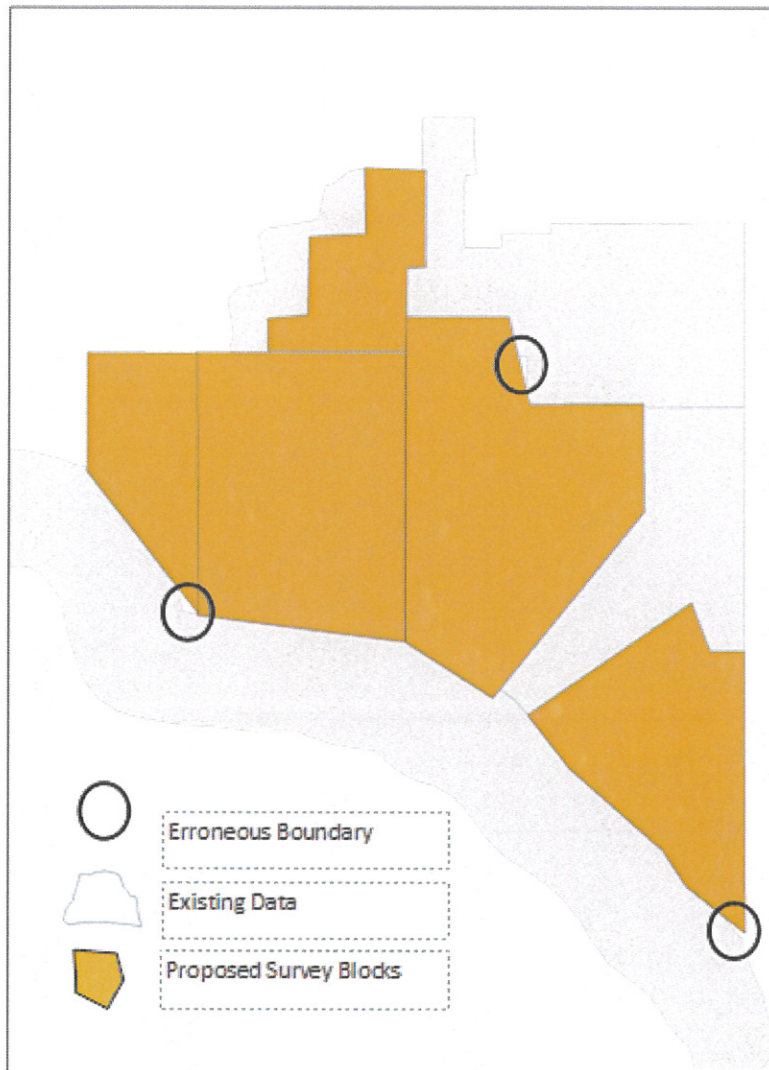

If the specifications listed above are exceeded a fill-in line shall be flown at the Contractor's expense. However, if the deviation is due to or caused by safety requirements or FAA regulations, the Contractor is not required to fly a fill-in line.

Parts of lines reflight to complete a flight line must cross control lines at either end and cross the original survey line at a low angle at a point where the data is acceptable

5.5.7 Overlap with Existing Surveys — ADDITIONAL INFORMATION

The proposed blocks are in error in the circled areas. No modifications to the survey blocks are required outside the circled areas. Please make sure proposed data coverage overlaps all existing data by 400 meters in the circled areas by increasing the data coverage.(SEE PICTURE BELOW)
