

STATE OF ALASKA RFP NUMBER 2015-1000-3107

AMENDMENT NUMBER 4

Department of Natural Resources
Division of Support Services
550 W. 7th Avenue, Suite 1230
Anchorage, AK 99501

THIS IS NOT AN ORDER

DATE AMENDMENT ISSUED: May 11, 2015

RFP TITLE: RFP 2015-1000-3107 Airborne Geophysical Survey of The Tanacross Region

RFP CLOSING DATE AND TIME: May 18, 2015, 5:00 p.m. Alaska time. (CHANGED May 5th, 2015)

The purpose of this amendment is to:

1) Provide an alternate survey boundary file format (GeoTiff) to avoid problems loading supplied existing data survey boundary shape files into Geosoft and MapInfo. **Please download file "tanacross_existing_data_map.zip".**

2) Answer two technical questions:

Question 1: Section 5.5.3 (page 24) states the direction of the traverse (production) lines is N10°E. Is that degrees true or degrees magnetic?

Answer 1: UTM North (preferred) or Geographic North are acceptable

Question 2: What is the direction that the heading error test described in 5.7.5 (Page 27) should be flown? Section 5.7.5 states "Magnetic north, east, south, and west." This is not the same as the direction of the traverse (production) lines described in Section 5.5.3. Should they be flown orthogonal and parallel to the majority of production lines?

Answer 2: Either magnetic north, east, south, and west or orthogonal and parallel to the majority of production lines is acceptable for this proposal.

All terms and conditions not modified by this amendment remain unchanged.

THIS AMENDMENT IS FOR INFORMATIONAL PURPOSES ONLY AND NEED NOT BE RETURNED.

A handwritten signature in cursive script that reads "Marlys Hagen".
