

Notice of Utility Tariff Filing

The REGULATORY COMMISSION OF ALASKA (Commission) gives notice that Homer Electric Association, Inc. (HEA), filed tariff revision TA379-32, seeking to add a new cost element to its Cost of Power Adjustment (COPA) mechanism to recover costs resulting from spot purchases of natural gas.

HEA anticipates spot purchases will be made from Cook Inlet Energy, LLC and Aurora Gas, LLC on a "when, as and if" needed basis when it would otherwise have to purchase swing or peaking gas from Hilcorp Alaska, LLC. HEA states that the duration of such purchases would be short-term and not meet the contract duration criteria requiring prior Commission approval in 3 AAC 52.470(d).

This notice does not contain every pertinent revision or request associated with TA379-32. The Commission may approve a rate or classification which varies from that proposed.
