### **Requesting Input and Comment on a Proposed Relinquishment of State Entitlement Lands**

**Comment Period Ends 3:00 PM, March 19, 2026**

The Department of Natural Resources (DNR) is proposing to relinquish the State of Alaska's (State) entitlement land selection for fee estate (all surface and subsurface interests) on approximately 37,055 acres, located in Township 32 North, Ranges 8 and 9 East and Township 33 North, Ranges 8 and 9 East Seward Meridian. The lands are located approximately 40 miles Southeast of Cantwell and approximately 2 miles North of the Susitna River. A location map is attached to this notice. The lands are not currently owned by the State, they are under Federal management and ownership. The purpose of relinquishment is to facilitate conveyance of the lands to the University of Alaska.

The Consolidated Appropriations Act for Fiscal Year 2023 (CAA) (Pub. L. 117-328) created a mechanism for the Bureau of Land Management (BLM) to convey Alaska Statehood Act lands to the University of Alaska (University). The CAA enabled the University to select up to 500,000 acres of State lands for possible acquisition, with a final conveyance of up to 360,000 acres. The State must concur with the final list of selected lands and submit conditional selection relinquishment letters to BLM. The program terminates on December 29, 2026.
