SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE ITB

The Department of Fish and Game, Division of Administrative Services, is soliciting bids from area processors to: (1) purchase fish caught during the survey, including tendering, (2) provide ice for three survey vessels, and (3) provide bait for three survey vessels.

SEC. 1.02 BUDGET

Approval or continuation of a contract resulting from this ITB is contingent upon legislative appropriation.

SEC. 1.03 DEADLINE FOR RECEIPT OF BIDS

Bids must be received no later than 2pm Alaska Time on 6/30/2026, at which time they will be publicly opened. Late bids or amendments will be considered non-responsive and will not be opened or accepted for evaluation.

SEC. 1.04 PRIOR EXPERIENCE

No specific minimums have been set for this ITB.

SEC. 1.05 REQUIRED REVIEW

Bidders shall carefully review this ITB for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material in the ITB should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of bids. This will allow time for an amendment to be issued if one is required. It will also help prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of bidders' prices.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF BIDS

All questions must be in writing and directed to the procurement officer. The interested party must confirm telephone conversations in writing. Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the ITB. These questions may be answered over the telephone. Other questions may be more complex and may require a written amendment to the ITB. The procurement officer will make that decision.

SEC. 1.07 SITE INSPECTION

Removed.

SEC. 1.08 RETURN INSTRUCTIONS

Bidders must submit one copy of their entire bid, in writing, to the procurement officer via email at dfg.contracting@alaska.gov. The bid submission must contain the ITB number in the subject line of the email. The **maximum** size of a single email (including all text and attachments) that can be received by the state is **20mb (megabytes)**. If the email containing the bid exceeds this size, the bid must be sent in multiple emails that are each less than 20 megabytes.

Please note that email transmission is not instantaneous. Like sending a hard copy bid, if you are emailing your bid, the state recommends sending it enough ahead of time to ensure the email is delivered by the deadline for receipt of bids.

Hard copy bid submissions may be submitted to the address below.

SEC. 1.15 SUPPORTING INFORMATION

Provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the state reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products or services offered completely meet the ITB requirements. The requirement for such supplemental information will be at the reasonable discretion of the state and may include the requirement that a bidder will provide a sample product(s) so that the state can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the state, may cause the state to consider the offer non-responsive and reject the bid.

SEC. 1.16 FIRM, UNQUALIFIED, AND UNCONDITIONAL OFFER

To be responsive a bid must constitute a definite, firm, unqualified and unconditional offer to meet all the material terms of the ITB. Material terms are those that could affect the price, quantity, quality, or delivery. Also included as material terms are those which are clearly identified in the ITB, and which must be complied with at risk of bid rejection for non-responsiveness.

SECTION 2. SCOPE OF WORK AND CONTRACT INFORMATION

SEC. 2.01 SCOPE OF WORK

The Alaska Department of Fish and Game (ADF&G) will conduct the annual sablefish pot survey in Chatham Strait between Cape Ommaney and Point Hepburn. The department will contract three commercial vessels to simultaneously fish the survey area beginning approximately July 20, 2026. All three survey vessels will depart from and return to ports in Southeast. The survey is expected to take 7 days but could last longer depending on weather conditions or whale encounters. The maximum length of the survey is not expected to exceed 14 days.

The department is soliciting bids from area processors to: (1) purchase fish caught during the survey, including tendering, (2) provide ice for three survey vessels, and (3) provide bait for three survey vessels.

The total expected landed catch for this survey is estimated to be approximately 110,000–130,000 round pounds of sablefish, plus an additional 2,000–3,000 pounds of dressed sablefish and 1,000–2,000 round pounds of rockfish bycatch. The facility and tender must be available to offload fish seven days a week. **Bidders must provide tender service in Chatham Strait.** Processors submitting a bid must have a facility and a tender capable of handling up to 70,000 pounds of round sablefish and must be able to provide high-quality ice and frozen bait for each vessel after the first offload. Anticipated offloading dates for the first round of tender deliveries are the evening of July 21 through July 23. The final delivery may be made directly to the processing plant by each survey vessel at the end of the survey unless other delivery arrangements have been made and agreed upon. The final offloads are tentatively scheduled for July 25. If weather or other conditions extend the survey, additional/alternative tender services may be required.

The successful bidder must provide 4–6 tons of high-quality ice for each vessel per trip and must provide a total of 2,000 pounds of frozen Illex squid of commercial designation for bait per vessel. Frozen bait blocks may not exceed 50 pounds and are preferred at 25 pounds. Please do not mix block sizes. Vessels may choose to take a portion of the bait upon departure from port and take the remainder after the first delivery to the tender. **It is the responsibility of the successful bidder to make arrangements to provide ice and bait to survey vessels at the vessel's original port of departure prior to the survey and at port upon the first delivery (or at sea to the tender, if applicable). This responsibility includes all shipping and/or cold storage of bait, if applicable, when the vessel's port of departure is different than the port of the successful bidder.**

All survey fish landed (except for IFQ halibut) will be the property of the successful bidder and payment for the fish will be based on the price bid by the company. Survey fish will be purchased based on the quoted price per pound for each size category, based on an eastern cut product for sablefish. Species delivered and not specified in the bid quote will be paid at the current market price. Payment for the survey fish must be made to the department within two weeks from date of landing. No NSEI sablefish permit holders will participate in the sablefish survey this year. Processors must assign a 2% deduction for ice and slime to unrinsed, whole sablefish at the time of offload. Bycatch will be sold by ADF&G. Survey vessels have not yet been selected, so it is unknown how they will ice fish; survey vessels typically layer ice their catch including the dressed sablefish. Rockfish will be iced and delivered in the round. Catch will not be pooled or shared among vessels.

The bid will be awarded based on the highest quote for Total Price of Bid for 2026. Total bid value shall include (1) purchasing of fish caught during the survey, including one or more tendering services; (2) 4–6 tons of high-quality ice per vessel per trip; and (3) 2,000 pounds of Illex squid for bait per vessel for a total of 6,000 lbs.

SEC. 2.02 CONTRACT TERM

The length of the contract will be from the date of award, approximately 7/6/2026, for approximately 2 months, until completion.

SEC. 2.03 CONTRACT TYPE

This contract is a standard goods and services contract.

SEC. 2.04 PAYMENT FOR STATE PURCHASES

No payment will be made until the contract is approved by the Commissioner of the Department of Fish & Game or the Commissioner's designee. Under no conditions will the state be liable for the payment of any interest charges associated with the cost of the contract. The state is not responsible for and will not pay local, state, or federal taxes. All costs associated with the contract must be stated in U.S. currency.

Payment for agreements under \$500,000 for the undisputed purchase of goods or services provided to a state agency, will be made within 30 days of the receipt of a proper billing or the delivery of the goods or services to the location(s) specified in the agreement, whichever is later. A late payment is subject to 1.5% interest per month on the unpaid balance. Interest will not be paid if there is a dispute or if there is an agreement that establishes a lower interest rate or precludes the charging of interest.

SEC. 2.05 ELECTRONIC PAYMENTS

The State of Alaska prefers vendors receive payment via Electronic Funds Transfer (EFT). Bidders may review information concerning the EFT process and access the [Electronic Payment Agreement Form for Vendors](https://doa.alaska.gov/dof/vendor.html) at the following link: <https://doa.alaska.gov/dof/vendor.html>. Method of payment is not a factor in the State's determination for award.

This process will continue until a contractor who can perform the service is located. The location of the contractor initially contacted will be determined by the starting location of the call-out. For example, if a there was a need to transport a person from Anchorage to Fairbanks and then guard the person for two days in Fairbanks, the agency would contact Anchorage contractors, even though a substantial portion of the actual service would be performed in Fairbanks.

The contractor shall not be required to indemnify the contracting agency for a claim of, or liability for, the independent negligence of the contracting agency. "Contractor" and "contracting agency", as used within this and the following article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "independent negligence" is negligence other than in the contracting agency's selection, administration, monitoring, or controlling of the contractor and in approving or accepting the contractor's work.

Without limiting contractor's indemnification, it is agreed that contractor shall purchase at its own expense and maintain in force at all times during the performance of services under this agreement the following policies of insurance. If the contractor's policy contains higher limits, the state shall be entitled to coverage to the extent of such higher limits. Certificates of Insurance must be furnished to the contracting officer prior to beginning work and must provide for a notice of cancellation, non-renewal, or material change of conditions in accordance with policy provisions. Failure to furnish satisfactory evidence of insurance or lapse of the policy is a material breach of this contract and shall be grounds for termination of the contractor's services. All insurance policies shall comply with and be issued by insurers licensed to transact the business of insurance under AS 21.

2.1 Workers' Compensation Insurance: The Contractor shall provide and maintain, for all employees engaged in work under this contract, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal U.S.L. & H. and Jones Act requirements. 15. Force Majeure:

The parties to this contract are not liable for the consequences of any failure to perform, or default in performing, any of their obligations under this Agreement, if that failure or default is caused by any unforeseeable Force Majeure, beyond the control of, and without the fault or negligence of, the respective party. For the purposes of this Agreement, Force Majeure will mean war (whether declared or not); revolution; invasion; insurrection; riot; civil commotion; sabotage; military or usurped power; lightning; explosion; fire; storm; drought; flood; earthquake; epidemic; quarantine; strikes; acts or restraints of governmental authorities affecting the project or directly or indirectly prohibiting or restricting the furnishing or use of materials or labor required; inability to secure materials, machinery, equipment or labor because of priority, allocation or other regulations of any governmental authorities.

16. Contract Extension:

Unless otherwise provided, the State and the Contractor agree: (1) that any holding over of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect, and (2) to provide written notice to the other party of the intent to cancel such month-to-month extension at least thirty (30) days before the desired date of cancellation.

17. Severability:

18. Continuing Obligation of Contractor:

Notwithstanding the expiration date of this contract, the Contractor is obligated to fulfill its responsibilities until warranty, guarantee, maintenance and parts availability requirements have completely expired.

19. Termination.
