Application for Permits to Mine in Alaska

Amendment

Date: 6/10/2025

Amendment # _____

APMA: 9770

Please describe your proposed amendment and attach all required forms from the APMA application.

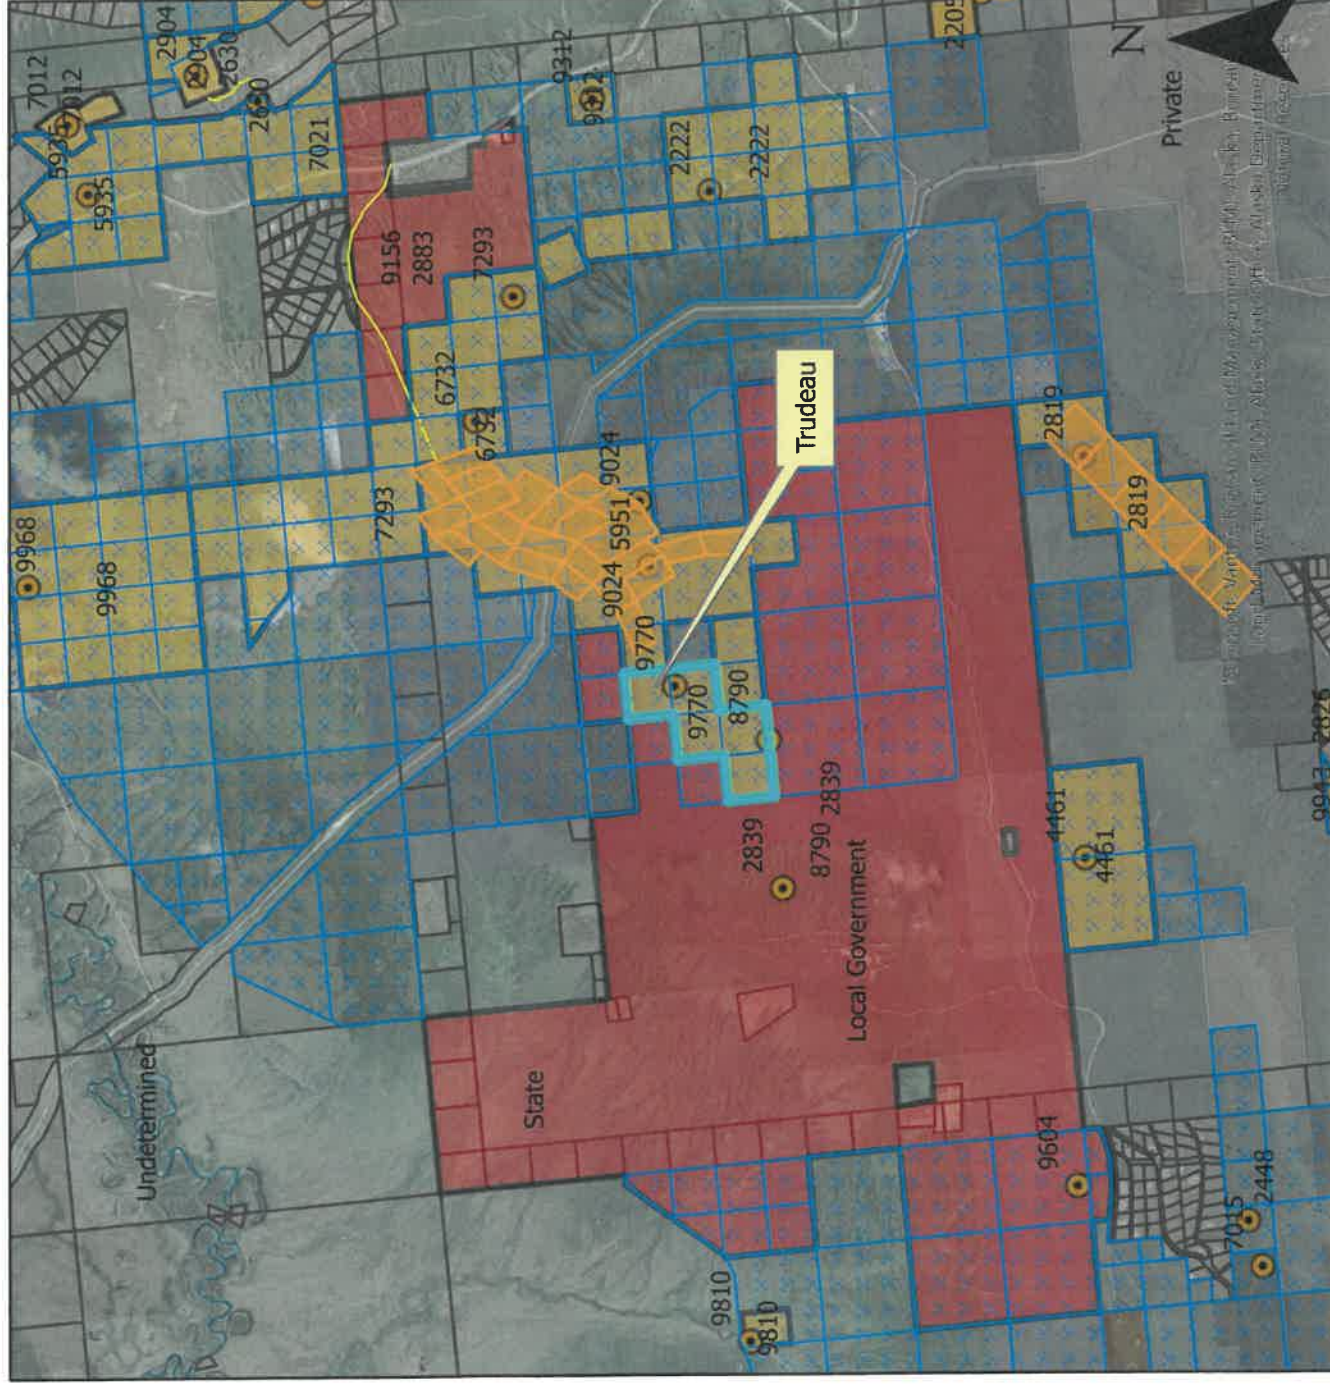

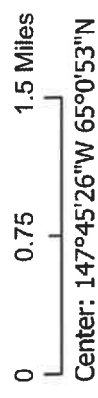

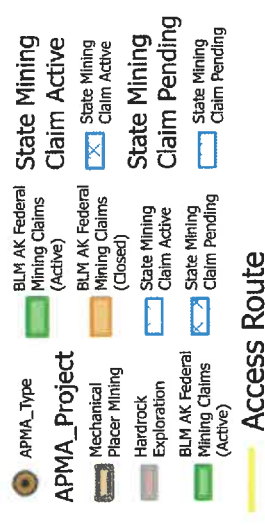

removed per conversation 3/16/2026

Our proposed amendment is to ~~Rebuild the Road from the pipeline Road across down to the mine sight at Treasure Creek we will be making it in to a gravel Road to access the mine sight.~~ I also bring in the Rest of the Equipment that we need to do the Mining project. This is a list of Equipment we need to bring in to mine.

#1 (D10N Dozer) #2 (D8N)
#3 (225 JD Track Hoe) #3 (375 cat Track Hoe) #4 (30' fifth wheel camper)
#5 (35' fifth wheel camper) #6 (36 KW Generator) #7 (D6 cat dozer)
#8 (245 cat Track Hoe) #9 (10 yd GMC end Dump) and 2 2.5 yd off Road Enddumps. We are also proposing a diversion of Treasure Creek this is to put the creek back in its original channel at least a section of it and move it farther away from our Mining sight and keep the creek a safer distant away from the first cut and the overburden pile put in the Best place.
