ATTN: Vendors

RE: Project Name: BAAF 47431 Hangar 4 Roof and Envelope Project
Project Number: 02A7026004
Project Location: JBER, Alaska

Addendum # seven (7)

*****Mandatory Return*****

Extension and Q&A

This addendum forms a part of the contract documents and modifies the original drawings and/or specifications for the subject work. In case of conflicts between this addendum and previously issued documents, this addendum shall take precedence.

Please see the following Questions and Answers:

1. Q: Based on the observations at the site visit, the existing building-mounted fixtures have been discontinued and are likely nearing the end of their life cycle. Replacement fixtures, parts, or alternative mounting assemblies are likely not available. Many of the existing fixtures were adapted to attach to the previous fixture-mounting assemblies. If existing fixtures are reinstalled, they will need to be installed in the same manner as before. Since the state is already paying for the labor to remove and reinstall the fixtures, would they reconsider replacing them with new fixtures and the appropriate backbox/mounting assemblies to achieve a cleaner, longer-lasting product?

A: Yes, the base bid will now include replacing all exterior lights with like size/output as the originals.

2. Bid closing date will be extended to September 29, 2026 at 1:00pm AKST.

END
